HITLER'S LEGIONS NOW FACE DISASTER IN RUSSIAN AND NORTH AFRICA AREAS

ALLIES LAUNCH BIG ATTACK UPON AXIS IN BIZERTE-TUNIS AREA

ROMMEL REPORTED IN CHARGE OF DEFENSE OF LAST NAZI STRONGHOLD

By T. C. DANIEL

LONDON, Nov. 23.—(AP)—The British First Army, with American and French support, was reported today to have launched a big attack against the German-Italian positions in the defense perimeter of Bizerte and Tunis where Marshal Erwin Rommel, one-time German master of African-desert warfare, was said to be in command with perhaps a part of his Africa Corps.

The radio in Allied-held Morocco said prisoners already had been brought in as a result of the British attack which the Allies have been preparing for a week, and Berlin broadcasters hinted that Rommel had transferred his headquarters and perhaps some of his Libyan forces to Tunisia.

Previously, the British and American forces which had streamed across North Africa for hundreds of miles in a race to get control of Tunisia's Middle Mediterranean bases were reported to have tested the defenses in the northern tip of the French protectorate, and Radio Morocco quoted an Allied spokesman as saying their attacks were growing in violence.

Engagement Indecisive.

The broadcast said that one clash occurred 22 miles south of the coast and that the engagement "remained indecisive."

Allied spokesmen were quoted as admitting that the Germans and Italians were well established with a strong air force at Bizerte and Tunis and it was apparent that the Axis was going to make a fight to retain their dominance of the Sicilian Straits.

"Allied forces have launched an attack against enemy armored forces entrenched around the towns of Tunis and Bizerte," said the Morocco radio announcement this morning.

"The main Allied forces are being actively brought up to the front to attack the whole of the Axis occupied positions. The first prisoners have been brought back to the rear."

French reports told of attempted Axis infiltrations in South Tunisia and other reports from Allied headquarters in North Africa said similar tactics were being attempted from the north, where the main Axis forces have been landed by sea and air.

These suggested that Rommel, who more than once has foiled Allied strategems to trap him, was attempting a flank attack from Tripolitani against the British and American forces converging on the northern tip of Tunisia.

If Rommell has split his forces, it was presumed here that he had dispatched some armored units from Tripoli, either overland of by sea, to Gabes or Sfax on the East Tunisian coast.

Both lie south and southeast of the routes of the main Allied

Dakar and All West Africa Has Come to Allies

LONDON, Nov. 23.—(AP)—Admiral Jean Darlan, the former Vichy defense chief who went over to the Allies three days after the American and British expedition landed in North Africa, announced on the Algiers radio tonight that Dakar and all French West Africa was now under his command.

French West Africa had placed itself "freely under my orders," he said.

The Allies thus appeared to have scored a bloodless victory which not only removed the most dangerous potential Axis therat to the Western Hemisphere but also put at the disposal of the Allies vast resources, large native manpower and a large strategic area connecting North Africa with Fighting French territory in the heart of the continent.

The Algiers broadcast followed by a few hours a broadcast from Dakar, which was heard by the Canadian Broadcasting Company, announcing that the French governor general there had put the military command of his post under Darlan.

This appeared to confirm the statement made by the former Vichy defense chief.

Dakar is the most important French naval base on the West African coast and recently was reported by Fighting French forces to be defended by 50,000 or 60,000 men, as well as considerable numbers of tanks and planes and a naval flotilla which includes the 35,000-ton battleship Richelieu.

The prospective acquisition of Dakar by the Allies was by far the most important result of the bloodless coup in French West Africa.

This strategic naval base once "an Atlantic fortress" against the was called by President Roosevelt Axis. The Vichy French said they would defend it "against anybody clear to the end."

In fact, the strongly-fortified base repulsed a landing attempt

AIR RAID SPEAKER — R. E. (Bob) Smith, San Antonio, director of the Eighth region of the Office of Civilian Defense, will be the principal speaker here Tuesday night at the air raid incident and will be an interested observer. He is an "old-timer" in Corsicana and was identified with the oil business years ago. He became director of civilian defense for the Eighth region, including Texas, Louisiana, Arkansas, Oklahoma and New Mexico, in July, 1941, as a "dollar-a-year-man."

M'KINNEY ANNOUNCES ALL IN READINESS PRACTICE AIR RAID

EVERY BRANCH OF CIVILIAN DEFENSE EXPECTED PARTICIPATE IN INCIDENT

All arrangements have been completed and the various committees in charge of details for the air raid incident here Tuesday night in District 4, Corsicana, had been completed, W. E. McKinney, chief warden, announced Monday. The chief warden again emphasized the necessity of everyone entering the area on West Seventh avenue immediately west of South Twentieth street having warden or other official armbands as the auxiliary police and home guard units have strict orders to prevent others going to the site.

Army bombers from the Waco flying school are slated to simulate an attack on the site at 8:35 p. m. with anti-aircraft defenses, including fireworks, aerial bombs, etc., under thesupervision of Earl Presley and E. C. Sears, District 1 warden and assistant, respectively.

Dillard To Preside.

Robert G. Dillard, manager of the Chamber of Commerce, will be master of ceremonies and in charge of the local loud speaker system, furnished through the courtesy of Bivin Radio.

Miss Margaret Anderson, repre-

U. S. Casualties In North Africa Landings 1,910

WASHINGTON, Nov. 23.—(AP)—The army announced today that American casualties during the initial landings in North Africa were estmated at 1,910 killed, wounded and missng.

A communique said Lieut. Gen Dwight D. Eisenhower reported that he was not yet able to obtain a careful confirmation of the casualties, most of which occurred in the capture of Oran and Casablanca.

Very few men were lost in the operations around Algiers.

The total, the army said, was made up of 350 killed, 900 wounded and 350 missing in the army, and ten killed, 150 wounded and 150 missing from the navy.

Most of those reported missing, the army said, probably were drowned.

Army officers said teh casualty total covered only the period between the first landing operations nov. 7 and the cessation of hostilities between the Americans and the French in Morocco and Algiers Nov. 7 and the cessation of hosceived, they said, of the American casualties ina the campaign to extend the occupation to Tunisia.

COFFEE RUNS END BUT BUTTER TAKES ITS PLACE QUICKLY

NEW YORK, Nov. 23.—(AP)—Grocers expecting a respite from coffee runs, now that sales have been banned for a week, today faced another flurry of customer buying—this time on butter and butter substitutes.

Super-markets and smaller stores reported that the War Production Board's action Friday in freezing 40 per cent of all butter in storage for the fighting forces, had sent butter, shortening and cooking oil purchases up sharply as a prelude to the Thanksgiving Day rush.

Butter supplies were holding up well, but some stores instituted voluntary rationing.

LARGE JAP SHIP IS SUNK IN AMERICAN SKY-DRAGONS ATTACK

ANOTHER ENEMY DESTROYER ALSO REPORTED SUNK NEW GUINEA AREA

WASHINGTON, Nov. 23.—(AP) United States ground forces are advancing slowly to the west despite stubborn enemy resistance on Guadalcanal, the navy reported today.

No details of the extent of the advance were given. However, the Marines were reported well beyond five miles west of Henderson airfield.

By The Associated Press.

A large Japanese ship, reported to be either an aircraft carrier or a 12,000 to 15,000-ton tansport, was sunk yesterday by American sky-dragons of the China command in a terrific attack upon Haiphong, French Indo-China, climaxing a week end in which allied air power proved its rising might in attacks from Burma to the Yangtze valley.

Off the northeast coast of New Guinea, American and Australian airmen sank another Japanese destroyer apparently trying to land reinforcements for the Japanese troops who have been backed to the beaches of Buna and Gona by allied jungle fighters steadily closing a death trap upon the invaders.

The Haighong raid was announced today in a communique from the headquarters of Brig. Gen. Claire L. Chennault, commander of the China air task force. It said immense fires enveloped the entire waterfront of the port through which the Japanese are believed to be sending supplies inland for an attack upon Yunnan Province, China, from Indo-China and Burma.

Yesterday and again last night British bombers blasted the Japanese-held port of Akyab across the Bay of Bengal from Calcutta, and attacked airfields and river steamers elsewhere in Burma.

The attacks followed up other week-end assaults in which the largest squadron of United States bombers ever sent into the air from Indian bases joined the RAF in heavy bombings of Rangoon, Mandalay and Toungoo without the loss of a plane.

Chinese bombing crews attacked

SOUTHERN SENATORS WIN WITHDRAWAL OF ANTI-POLL TAX BILL

SENATE VOTES AGAINST LIMITATION OF DEBATE AND MEASURE DIES

WASHINGTON, Nov. 23.—(AP)—The senate shelved today legislation to ban the collection of poll taxes as a requirement for voting in federal elections. The action followed defeat of a motion to end a filibuster through limit on debate.

The debate limitation proposal on the measure to abolish poll taxes as a prereqquisite to voting in federal elections was beaten on a vote of 37 "ayes" to 41 'noes." Approval of two-thirds of those voting was necessary.

Democratic leader Barkley of Kentucky, who had moved for adoption of the cloture rule limiting each senators discussion to one hour, had announced previously if the debate limitation proposal failed he would seek immediately to have the bill laid aside for this congress. He said he also would oppose any effort by any other senate to obtain consideration of the bill.

The measure, already passed in different form by the house, would die automatically on the adjournment of the session Jan. 2. Barkley had acknowledged it would be impossible to obtain passage of the bill, which he supported, if filibustering tactics engaged in by opponents could not be halted by limiting debate.

Before the senate met opponents of the legislation said they expected the vote to discourage future congressional moves to outlaw the poll taxes.

Connally Speaks.

In brief debate before the vote, senator Connally (D-Texas) contended that adoption of the debate limitation proposal would deny the minority its rights in 'the last citadel of Democracy."

The Texan told the senate that the supreme court had held, as late as 1937, that the collection of poll taxes was within the province of the states in fixing qualifications for voters. He argued that congress had no right to interfere.

Connally urged his colleagues not to vote for cloture, which he said would deny the fundamental right of members in the minority to express their views in legitimate debate.

Senator Lucas (D-Ill) said that

MIGHTY RED ARMY COUNTER-OFFENSIVE ENDANGERING NAZIS

BROKEN GERMAN DIVISION REPORTED FLEEING IN STALINGRAD AREA

By HENRY C. CASSIDY

MOSCOW, Nov. 23.—(AP)—A mighty Red army counter-offensive sprung from the northwest and south of Stalingrad has put thousands of Germans to rout, the Russians reported today, and the Nazi forces which have besieged the Volga City vainly for three bloody months were pictured as facing disastrous encirclement.

Broken German divisions were declared fleeing across the frosty steppes before the surge of Russian infantrymen, guns and tanks in the greatest Soviet offensive of the year, adding new casualties to the 29,000 nazis reported killed and captured in the past few days.

Here is the story of the drive, as given in official Soviet announcements and in warfront dispatches:

Already some 15,000 Germans have been killed and more than 13,000 captured since the Russians sprang their drive. The German besiegers of Stalingrad have been placed in a perilous position, and the German forces in the Caucasus are being held to a standstill as the bitter Russian winter sets in.

The Stalingrad offensive stretched two arms around the Germans still holding positions in Stalingrad and placed the Russians astride two important railway lines used by the Germans to supply these forces.

The offensive began, dispatches said, with a one-hour artillery barrage so intense that when the firing ceased only isolated enemy guns replied. Red army infantry and tanks then piled through the German front line, driving the enemy from trenches into the open steppes.

German Line Overwhelmed

The German front line was overwhelmed by the ferocity of the Russian offensive, dispatches said. Prisoners started to pour in and guns and mortars piled up as the Red Army carried the advance as far as 45 miles at some points.

"During the night of Nov. 22-23 our troops in the Stalingrad area continued to carry out successful operations and continued to move

War At A Glance

By The Associated Press.

RUSSIA—

Germans retreating before Stalingrad; mighty Soviet counteroffensive northwest and south of city has nazis facing disastrous encirclement; Russians adding new casualties to 28,000 Nazis killed or captured in past few days.

German high command admits Germans and Rumanians fighting "heavy defensive battles" south of Stalingrad.

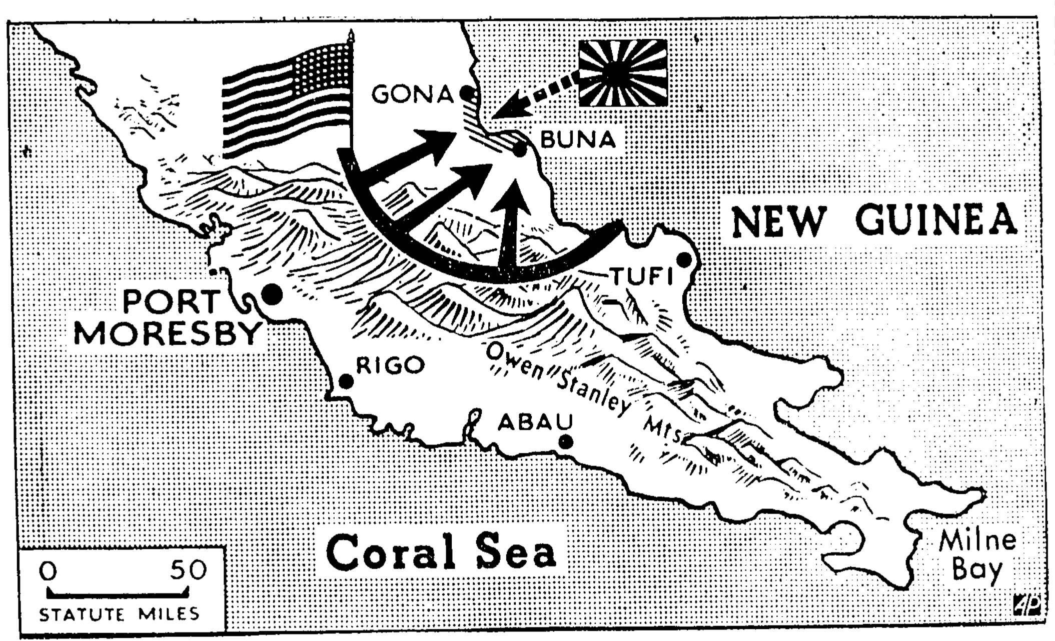
AFRICA—

British First Army, supported by American and French units, reported battering whole perimeter of axis' Bizerte-Tunis defenses; prisoners already being brought in; allied spokesmen report axis well established with strong air force in Tunisia; in Libya, British push Rommel's forces closer to El Agheila bottleneck.

PACIFIC—

American and Australians pressing Japs in Buna-Gona battle on New Guinea; MacArthur's airmen join the assault, sinking Jap destroyer and destroying 19 planes.

..Large Jap ship, either aircraft carrier or transport, sunk by American sky-dragons of China command in attack on Hiaphong, French Indo-China.



FIGHT IS FIERCE BUT ALLIES ARE WINNING—Despite strongest opposition U. S. forces in New Guinea have managed to practically encircle Japanese held Buna (broken arrow). Latest reports indicate U. S. troops are closing in on three sides of Buna (black arrows) and the fall of that city appeared imminent. Victory at Buna would enable Allied troops to drive against Jap footholds in Salamua and Lae (not shown in map), north of the present battle positions.

JAPANESE FORCES ON NEW GUINEA BADLY BATTERED

AMERICAN AND AUSTRALIAN AIRMEN BATTLE ENEMY IN BUNA AREA

GEN. MACARTHUR'S HEADQUARTERS, Australia, Nov. 23.—(AP)—American and Australian airmen plunged into battle against the Japanese forces making a desperte last stand on the beaches of the Buna area in Northeastern New Guinea yesterday and when the smoke cleared they had sunk one destroyer, destroyed 19 enemy planes and smashed two small landing boats, in addition to giving Japanese ground troops a day-long strafing.

The Japanese were fighting back bitterly from their precarious positions on the coastal strip between Buna and Gona with every weapon at their command, but the Allied noose was slowly drawing tight.

The destroyer, sunk by bombers, apparently was trying to land troops at Buna to aid the besieged Japanese forces there and official reports mentioned the possibility that troops may actually have been landed before the sinking.

However, a spokesman at headquarters said the destroyer was not operating with four other Japanese destroyers believed to have been sent to reinforce the Buna garrison. This destroyer flotilla

Wholesale Grocery Warehouse Suffers Heavy Fire Damage

Fire of undetermined origin Monday morning damaged the Beauchamp - Patrick Wholesale Grocery Company warehouse and contents on East Seventh Avenue approximately $18,000, according to estimates of authorities. The blaze was discovered about 5 o'clock and was not extinguished until four hours later.

The flames were confined to the rear section of the building, but water and smoke damage to the merchandise in the front of the structure was sustained. The roof at the rear was destroyed, it was stated.

The loss is partially covered by insurance.

AMERICA DOING SOME SPLENDID PIONEERING IN DARKEST AFRICA THAT WILL STAND AFTER WAR

By DEWITT MACKENZIE
Wide World War Analyst.

CAIRO, Nov. 23.—America is hewing some splendid pioneering developments out of the jungles and desert of Equatorial Africa in connection with our all-out war effort and a striking example of this is a great airport at which I spent some days en route to Egypt.

This port must be nameless in our dispatch for reasons which you can easily guess. Actually the existence of the enterprise is no longer a secret from friend or foe, for it has become too important to hide under a bushel.

Newspaper articles have been written about it and you hear it mentioned freely in New York, London, Rio De Janeiro and even in Lisbon, where axis agents rub shoulders with allied nationals.

In short, it is known wherever there are people who are much traveled by air or who have interests connected with aerial transport.

Still it may add piquancy to our story if we play with the idea that the port is a deep,dark mystery.

In that spirit I have to report that I arrived by magic carpet in this strange land on a certain sweltering hot day which was torrid summer to me but winter to you and I leave you to figure out that little problem of seasons if you are smart enough.

It soon became apparent that I was on a spot which, as things stand, may be one of the world's chief airports after the war.

It provides unique facilities at a point that affords a gateway for an aerial shortcut from the Atlantic clear through to the Orient.

Less than a year ago this was just another fever spot in the swampy jungles of steaming Africa. Today it is a healthful little community which is so modern it even has electric lights and refrigeration.

And eight villages in the neighborhood bush have been hitched to the tail of this comet of civilization.

Our port has the appearance at first blush of being a huge lake which nature puckishly had set

Germans Admit On Defensive On Russian Front

BERLIN (From German Broadcasts), Nov. 23.—(AP)—German and Rumanian forces are fighting "heavy defensive battles" south of Stalingrad and in the great loop of the Don west of the city, the German high command announced today.

"German and Rumanian troops are collaborating with strong forces of close-range aircraft in order to ward off the Soviets," the war bulletin from fuehrer Hitler's headquarters said.

The Berlin radio meanwhile broadcast a statement that German military quarters "abstained from commenting so far on Soviet reports about the situation of military operations in this sector."

"German quarters," the radio added, "thus maintained their usual reticence and refrained from discussion of pending military events. It was merely stated that the Soviets launched a strong affensive on both sides of Stalingrad."

(The German "reticence" appeared to be left handed Nazi confirmation of Russian reports that disaster faced the Axis forces at Stalingrad. In the past such Russian claims usually have been met by quick denials from Berlin).

In the Caucasus, the high command said operations were restricted to local undertakings, while in the Lake Ilmen area below Leningrad it reported that "repeated Soviet attacks, supported by tanks, have been repulsed."

Clearing weather was said to have enabled German bombers and dive bombers to attack Soviet artillery emplacements and troop barracks.

GIVES EYEWITNESS ACCOUNT AMERICAN PLANES BOMB JAPS

HEAVY DAMAGE CAUSED ENEMY BY UNITED STATES BIG FLYING SHIPS

(Editor's Note—J. Reilly O'Sullivan of Kansas City, Mo., Associated Press correspondent in China, rode in American bombers which made an attack on Japanese-occupied Haiphong in Indo-China and destroyed a large Japanese transport or aircraft carrier. He gives the following eyewitness account of the raid.)

By J. REILLY O'SULLIVAN

WITH THE AMERICAN AIR FORCES IN CHINA, Nov. 23.—(AP)—A United States bomber and fighter mission smashed the dock and warehouse area at Haipong in Japanese-occupied Indo-China yesterday and on the way down the coast sank a big Japanese ship of 12,000 or 15,000 tons which probably was a troop transport but may have been an aircraft carrier.

I saw the bombs go down on the big, grey ship surprised at anchor close by an island eight miles out in the Gulf of Tonking. One 500-pounder, apparently dropped down a hatch and she blew up.

The explosion blew out the right side of her stern, three other direct hits smacked directly on her decks, other near misses sent up geysers alongside, and as we left the vessel was afire and sinking rapidly.

The fighter escort dived, machine guns chattering, and did a little dive bombing as well.

Two other ships, one of 6,000 to 8,000 tons and the other of about 1,500 tons, also were badly damaged in the raid, and the 14 tons of bombs and 6,000 rounds of ammunition that were used on the foray spread devastation in the Haiphong dock area.

(A Vichy broadcast quoting Japanese dispatches from Indo-China said 43 persons were killed and 41 injured at Haoiphong.)

Early today, in retaliation, the Japanese made a raid on an airdrome in Kwangsi province but without doing much damage.

See EYEWITNESS, Page 4

ADMIRAL KING AT RETIRING AGE BUT STILL ON BIG JOB

COMMANDER OF U. S. FLEET WILL NOT RETIRE UNTIL WAR WON

By JOHN M. HIGHTOWER

WASHINGTON, Nov. 23.—(AP)—Admiral Ernest J. King, tough boss of America's toughest naval war, today reached the age at which most officers retire but for him there was no prospect of an easy chair by the fireside until victory is won.

It seemed rather that in the months ahead his two-man job would become even more complex and demanding, for every new allied advance, every opening of some new battlefront, means an additional burden on allied lifelines, and guarding those supply routes is the Navy's foremost task in this global war.

King became 64 today, and associates described him as being in excellent health despite the responsibilities which ordinarily demand at least nine busy hours a day of planning, staff meetings and decisions affecting the fate of scores of ships and thousands of men. Sometimes his days run to 18 or 20 hours of work.

Sixty-four is the legal retirement age or all officers except those of top rank with active command. The law provides that the exceptions—men like King—should not be subject to retirement until their work is finished, and King's seven-ocean job is just getting well underway.

The slender, sharp-eyed Admiral came to Washington last December from command of the Atlantic fleet to assume the duties of commander of the United States fleet. In March there was added to this assignment that of chief of naval operations. He organized two staffs, one for each of his two functions, and has been ever since, the sole director of all naval activities, subject only to President Roosevelt and Secretary Knox.

King arrived here with a reputation for being eminently fairminded but completely hard-boiled in his demands for performance. Navy men summed it up by saying he "ran a taut ship," and he still does.

Local Business Houses to Close For Thanksgiving

Corsicana will observe Thanksgiving Day with a practically-universal cessation of business except in the concerns busy with war contracts and work.

No sports events are scheduled. Union Thanksgiving services sponsored by the Corsicana Ministerial association will be held Wednesday evening at the First Christian church with Dr. R. Otis Sory, District Methodist superintendent, bringing the message.

All departments of the city hall will be closed except the fire and police departments, while at the courthouse, all offices will observe the day with a holiday except the law inforcement agencies. Banks will be closed for the day.

Corsicana schools will be given one day Thanksgiving, but classes will be held Friday, authorities have announced.

No window or delivery service will be given at the post office, although incoming and outgoing mail will be dispatched.

The Retail Merchants association members will be closed for the day and few business establishments other than cafe, filling stations, drug stores and similar lines will be open, is was announced Monday.

RUSSIANS SURGING DEEPER INTO GERMAN FRONT LINE POSITION

ALLIES IN TUNISIA SECTOR CLOSING BIZERTE- TUNIS TRAP ON AXIS

By JAMES M. LONG
Associated Press War Editor.

Russian armies, striking in Stalingrad's avenging hour, surged deeper into German positions today on two sides of the ruined Volga city in a mighty offensive which has reached the Don bend 50 miles west of Stalingrad, cost the nazis more than 28,000 dead and captured, and dynamited Hitler's hopes of a winter line on the Volga.

On the second front in North Africa, American, British and French forces were closing the trap on axis troops in Bizerte and Tunis, with fighting described officially as "growing heavier," while in Libya the Brtish Eighth Army smashed Marshal Rommel's rear guard back from Agedabia and pushed then on toward El Agheila, 70 miles away.

Reuters reported in London that the Morocco radio said the veteran British first army, which has American and French supporting units, had launched a big attack against the whole perimeter of the axis Bizerte-Tunis defenses, and that prisoners already were being brought in.

With Germany's attention divided, the Russians uncorked their biggest scale onslaught of the year. In three days it reversed the picture on the Eastern European front. The Russians wrested the initiative, breached German holding positions north and south of Stalingrad, and drove in two great wedges which severed nazi rail supply lines and menaced the whole German salient into Stalingrad.

Continue Move Forward.

A mid-day communique said that overnight the Russians "continued to move forward" in the twin drives announced last night in a special war bulletin.

This was the pattern of the pincers attack:

German holding positions northwest of Stalingrad were battered for an hour in a sudden, terrific artillery barrage, and Russian tanks and riflemen smashed through the nazi trench lines on an 18-mile wide front.

In three days, the Red Army reached and occupied Kalach, on the East bank of the Don river 50 miles west of Stalingrad, and the rail line station of Krivomuzginskaya (Sovietsk), a few miles southeast of Kalach.

A second spearhead of Marshal Semeon Timoshenko's army blasted its way through a 13-mile wide gap in the German lines south of Stalingrad and won positions astride a railway at Abganerovo, 45 miles southwest of Stalingrad.

May Bite Off Costly Nazi Gains.

These two jaws of the Russian trap were within 50 miles of clos-

CATHOLIC LEADER GREATLY BOTHERED OVER TEXAS LABOR

DENIAL OF FIRST CHARGE OF HOARDING LABOR FAILS SHUT HIM UP

WASHINGTON, Nov. 23.—(AP)—The Rt. Rev. Msgr. John O'Grady, nationally known Catholic welfare leader, has followed up his recent charge of farm labor "hoarding" in Texas with a suggestion that the entire labor situation in that state be investigated.

During recent testimony before a senate labor subcommittee studying the manpower problem, Msgr. O'Grady said that in a tour of Texas he had found evidence of labor "hoarding" by farmers who wanted to retain a surplus of hands while farm help was sorely needed in other states.

This assertion subsequently was denied by James H. Bond, Texas state director of the U. S. Employment Service, who declared that there was no surplus farm labor in Texas and that to the contrary he had unfilled orders for 17,500 farm workers.

Msgr. O'Grady proposes that the government exercise authority over the state employment services. He eclared the Texas agency, while part of the U. S. Employment Service, functioned "as a local organization."

Confronted with Bond's views, Msgr. O'Grady in an interview conceded that Texas labor officials were in "closer contact" with the agricultural labor situation than orresponding authorities in other states, but added:

"I think the whole Texas labor situation could stand an airing."

"The whole problem has been handled on an unsystematic basis, with no relation to the exact needs taken into consideration in directing where farm hands should work.

"It's a very compleated situation, with various labor recruiting agencies proceeding independently."

CORSICANA, TEX., NOV. 24, 1942

Edgar A. Guest

The Poet of the People

INDIAN SUMMER

When the busy year is closing and the harvest tasks are done,
When the frosts of early morning show that winter's coming on,
When the last braves leaves have fallen, comes that extra touch sublime
As a sort of farwell gesture known as Indian summer time.

It's as though the good Lord planned it as a favor for us all.
That we might have something lovely through the winter to recall,
A little added rapture for our memories to hold
When the storms descend upon us and the winds are bitter cold.

Or again it seems that autumn still had something left to spare,
A few more bits of beauty which it wanted us to share;
A few more days of glory which It wanted us to know.
And had hastened back to give them before winter brings the snow.

YANKS IN AFRICA

It is too good to be true that the Yanks are coming. They are there! That is the Monday morning joy with which Americans woke on November 9. Some of them heard the great news Saturday night, others got it Sunday morning, and everybody hung on to the radio most of Sunday. The news kept coming in and getting better and better, but it was very hard to believe.

It is not too good to be true. The Stars and Stripes fly with the tricolor over Algiers. The Yanks keep coming. The Yanks are there.

"And they won't come back till it's over, over there!"

Every American now living will thrill to his dying day over the achievements of the first week in November, 1942. He breathes deep now, and takes a new grip.

Every citizen of the occupied countries takes a breath of hope and his soul drinks deep of the sure promise of eventual freedom.

"Hope deferred maketh the heart sick; but the desire when it cometh is a tree of life!"

CROWDED TRAINS

Railroad passenger traffic has doubled lately, and must be carried with the same old equipment. About 40 per cent of the sleeping cars and 15 per cent of the coaches are used all the time by moving troops. Besides regular movements of great numbers of men, there are always soldiers travelling on leave or furloughs, or some special war business.

The rubber and gasoline shortages have thrown another extra load on the railways. So trains are inevitably crowded and late.

As holiday time approaches the individual citizen would do well to think about this drain on railroads. Must the family really go to Aunt Jane's family dinner this year? Can they not put the travel money and Aunt Jane the turkey price into stamps instead? Holiday dinners, abundant but without the usual expensive frills, can give the sense of national Thanksgiving and joyful Christmas just as well this year without the travel. Then if the family feels it necesary to see Aunt Jane, the trip can be taken at a less crowded time.

Some travel to reach recreation spots is normal and right to take, but much may be dispensed with. Soldiers and sailors need train space more than most of us at this time. Save travel money for after the war.

ON WITH THE JOB

Franklin Roosevelt so often "leads with his chin" that people who don't like him naturally take an occasional crack at it. But just now hostilities seem suspended. That almost incredible feat of getting a big, well-supplied army across the Atlantic and on the job where it was most needed, in so short a time, leaves critics gasping and peps up normal admirers. As a sporting proposition, even the President's most severe critics have been willing to "give him a hand" for that job.

On the whole, the war is now going better than could have been expected a few months ago. American strength is making itself felt more effectively. And as Allied power rises, Axis power declines. There will be many a tough job yet to do, and many a set-back, but the Victory march has begun. And it may be reasonable to expect now that politics will be postponed, on both sides for the duration. Compared with the military job to be done. nothing else matters much now.

NEIGHBORLY PATRIOTISM

The American people seem to be getting a new baptism of democracy, with the draft boards and rationing duties and everything. It it hard to recall a time when there was so much voluntary public service as there is now. And, it should be added, so much unpaid service. We almost seem to be harking back to pioneer days, when people cooperated freely in all kinds of public work. Only they didn't speak of it that way. They regarded it as just "neighborly."

And really, isn't that the basis of all this present cooperation in the face of new perils and duties? It is a very neighborly thing to have the man or woman who lives next door, or around the corner, handling your gas or tire or sugar rationing. And getting nothing for it except loss of sleep—plus a sense of helping with the big job of national defense.

The patriotic purpose justifies the trouble. And all these people in voluntary and unpaid but highly responsible positions are the first kind of Americans. It is well to think of them in this light when they seem to be making "unnecessary trouble" for citizens who themselves are inclined to dodge responsibility and cooperation. It will lighten their labor to give them an occasional word of appreciation.

SOLDIER WANTS

Eleanor Clarage, newspaper columnist, wrote a letter recently to an army Sergeant friend, asking him whom he and his pals missed most. He replied saying he had compiled a chart from a poll taken in his barracks, with these results:

They do not miss what they call "the simple home comforts," because they have excellent laundry and dry cleaning service, good showers and wash rooms, clean dry quarters and good mail service.

There are newspapers and magazines at the Service Club and good books in the Service Club library, so what they want most in the way of reading materials is the Home Town Newspaper.

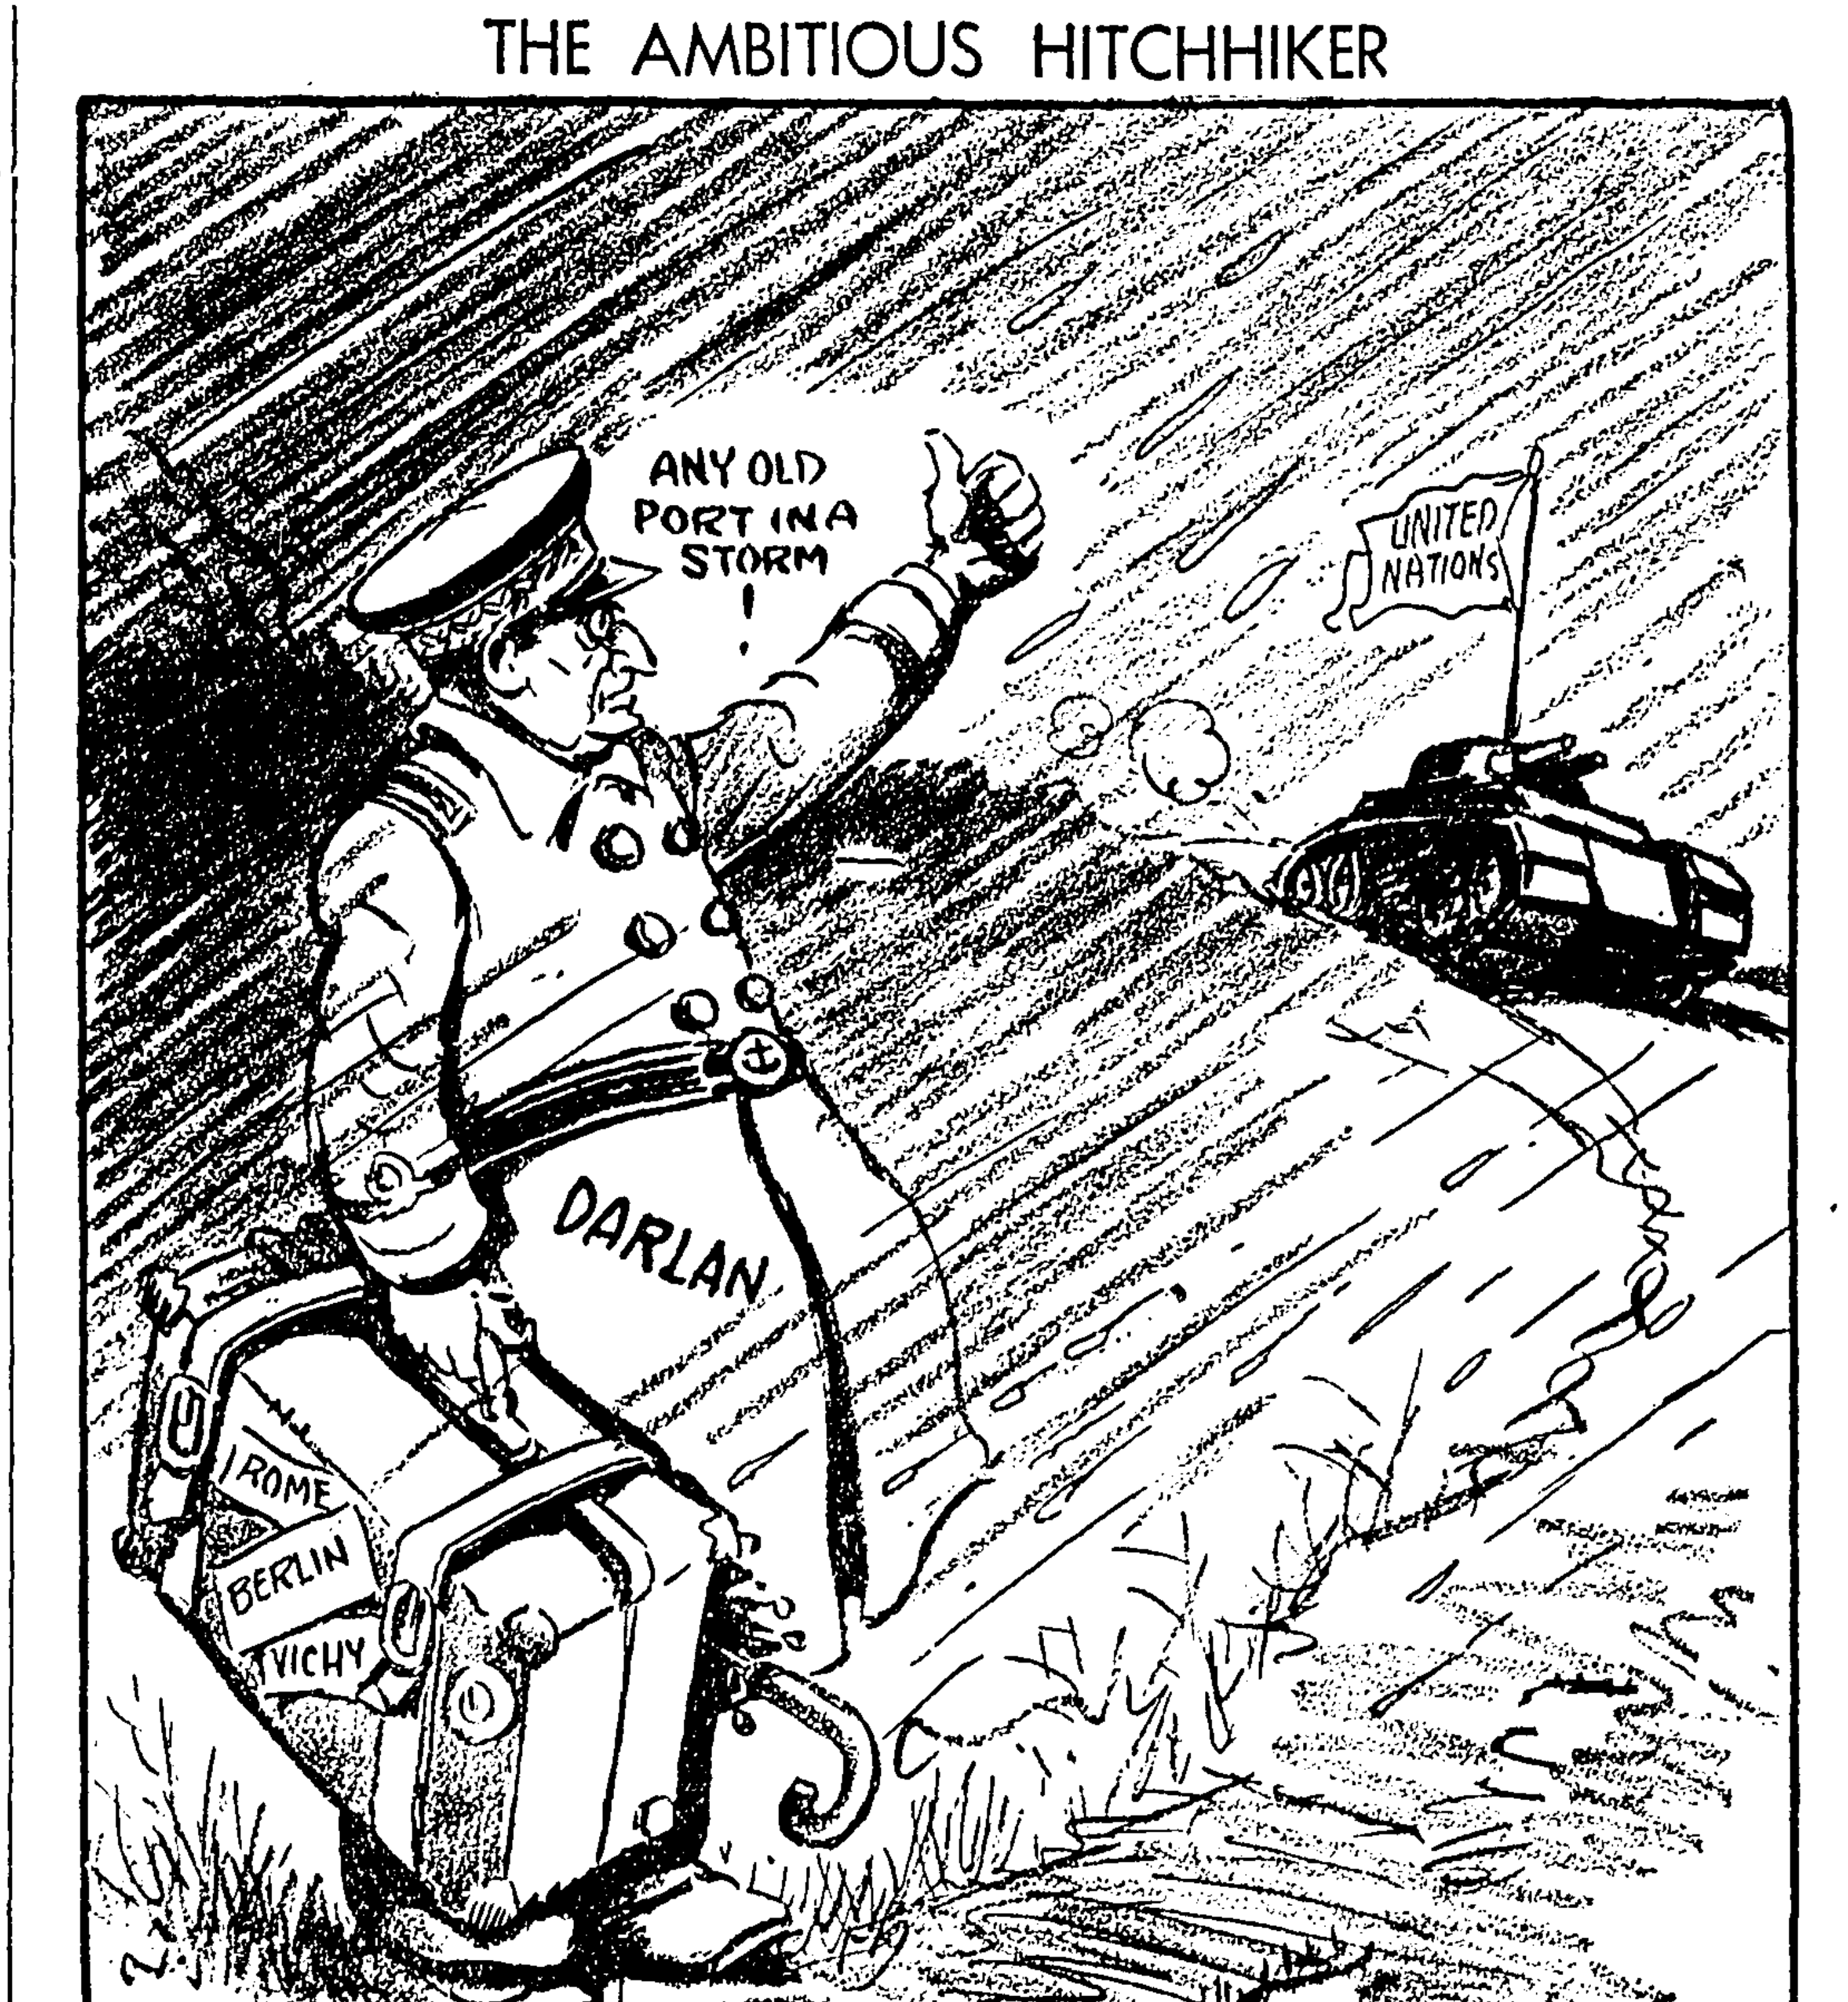
As to food, that group missed most Swiss cheese and crackers. They'd like American cream cheese, and cottage cheese, too, and a "really good beefsteak."

In the way of luxuries they missed watching a good football game and being behind the wheel of a car with a little queenie. But most of all they wanted a comfortable chair, their own girl friends, a radio and civilian status.

So there, readers and friends, is the situation. The best girl, even if she can visit, may not linger long. Football games and cars are mostly out of the picture. The boys will have to content themselves with the steak-and-french-frieds of the Service Clubs, which are very good, but a little too much on the thin side to get highest masculine praise.

Cheese in boxes with tinfoil, which will keep a while, can be sent to camps, though not, of course, overseas. But the really desirabl present is the home town daily newspaper.

THE AMBITIOUS HITCHHIKER



COFFEE RATIONING GOES INTO EFFECT SUNDAY NOVEMBER 29

Coffee rationing will begin on Nov. 29, according to information received by Wilbur Wright, chairman of the war price and rationing board, from the Office of Price Administration, Thursday.

From midnight, Saturday, Nov. 21 through midnight, Sunday, Nov. 28, no sale of roasted coffee to consumers will be permitted, Wright said.

Beginning on November 29 through Sunday, January 3, 1943, eligible consumers can buy one pound of roasted coffee upon surrender of Stamp No. 27 from their sugar rations books. Merchants are urged to be careful that they detach the proper stamp, Wright stated. Any person who is regisered on his sugar application as 15 years or older is eligible to purchase coffee under the rationing plan. Those under 15 years of age are not eligible to use the No. 27 stamp for coffee and penalties will be imposed for stamps missing from the books of ineligible persons.

Consumers who had excess sugar and have not received a sugar rationing book may apply at the ration office and receive a book permitting the purchase of coffee, it was announced.

Institutional users must register beginning Monday, Nov. 23 at the ration office and apply for their allotment of coffee, officials said. Retailers and wholesalers will at a future date receive form No. R-1202 which will require them to show an allowable inventory, the amount of their initial inventory, the amount of purchase warrants issued and to whom issued, and the amount of purchase warrants received.

Retailers will be allowde an inventory of coffee based upon dollar gross sale during September, Wright explained. Since there is no registration for retailers and wholesalers and since retailers and wholesalers may adjust their own inventories by issuing purchase warrents, local boards will not issue coffee purchase certificates for this purpose, Wright concluded.

Capt. Paul Dresser In North Africa

Capt. Paul A. Dresser is with the American Army in North Africa in the forces commanded by General Patton, relatives were advised in a telegram from him this week.

Capt. Dresser's wife and parents, Mr. and Mrs. Ed Dresser, reside here.

Capt. Dresser was with the local units of the Texas National Guard of the 36th division when they were federalized about two years ago, but later was transferred to other assignments and attended a special school at Fort Sill, Okla., after leaving the 36th division.

Orville Renfro to Take CPT Course

WACO, Nov. 20.—Orville Renfro, of Corsicana, will be among twenty-five men who began full time Civilian Pilot Training courses on the Baylor University campus November 20, it has been announced by Arthur Smith, local CPT coordinator.

Upon completion of the eight weeks elementary course, Renfro, a member of the navy division of the group, will go to a secondary CPT school or naval pre-flight school.

Joy Kirgan Weds Capt. Lancaster Of Army Air Force

The marriage of Miss Joy Kirgan, daughter of Mr. and Mrs. L. C. Kirgan of Fairfield, to Captain Felton B. Lancaster, son of Mr. and Mrs. A. T. Lancaster of Mexia, took place Friday morning, November 20, at the home of the bride's sister, Mrs. George D. Stubbs, in Wortham. Captain Lancaster is with the United States Army Air Force in Africa and is home on leave.

The wedding ceremony was read by the Rev. Marshall S. Pinkerton, and attendants were Miss Joyce Kirgan, twin sister of the bride, and Ramon Kirgan of Fairfield. Mrs. Ramon Kirgan sang , "Because," preceding the ceremony and Miss Grace Hackney played the wedding march.

The bride and her attendant wore cadet blue suits with tan accessories and gardenia corsages.

Chrysanthemums and ferns formed the central decoration for the occasion, a silver bowl of white chrysanthemums centering the table in the dining room from which coffee and cake were served following the ceremony.

The bride is a graduate of the Fairfield High School and of Westminster College. Until her resignation Monday she held a responsible position in the Cost Accounting department of the Ford, Bacon, and Davis Construction Company.

The bridegroom is a graduate of the Mexia High School, of Westminster College and Trinity University. He received his wings at Kelley Field, and was stationed for some months at Brooks Field. From there he went to Africa with the Pan-American Airways.

Immediately following the wedding Captain and Mrs. Lansaster left for San Antonio for a few days stay.

EARLY MAILING OF CHRISTMAS CARDS, PACKAGES URGED

Postal authorities are frankly worried about the delivery of Christmas mail this year, and Smith W. Purdum, second assistant postmaster general in a communication sent to all post offices, urges the public see that the bulk of the Christmas mailing is in the post offices not later than December 1.

Unprecedented wartime demands on the postal and transportation systems, plus a prospective record volume of Christmas mailings were cited as necessitating earlier mailings than ever before. Railroads and airlines are burdened with wartime vital material ships and it will be impossible to make the deliveries if the parcels and greeting cards are held back until Dec. 15-23, and "thousands of gifts will reach their destinations after Christmas."

There were 21,950 mail cars required to deliver Christmas mail in 1941, the statement revealed, but this year the extra cars are being used by the armed forces. The postal service usually borrows 2,500 trucks from the Army and other government agencies, and 10,000 from private owners. These will be missed. Railroads are converting several hundred steel box cars to mail transportation. Thousands of inexperienced personell also cannot dispatch and handle mail as well as the veterans now in the armed forces.

Late ODT Rulings Chamber Commerce

Applications for single and fleet units for gasoline rationing are accepted at the Chamber of Commerce office which keeps up with the latest durings of the Office of Defense Transportation according to Robert G. Dillard, manager.

Anyone who has received a Certificate of War Necessity that has been cut so drastically that he cannot operate is invited to call at the office for consultation.

CORSICANA NAMED HEADQUARTERS FOR TWO PRESBYTERIES

Miss Louanna Roach, newly elected Director of Religious Education for Paris and Central Texas Presbyteries, has arrived in Corsicana. The area covered by these Presbyteries of Paris and Central Texas reaches from Texarkana to Austin. Corsicana was chosen as headquarters for the Director of Religious Education because of its central location, and the convenience of schedules by bus and railroad to and from all parts of the field.

Miss Roach comes to this work from a most successful term of service with Evergreen Presbyterian Church, Memphis, Tenn., one of the large churches of that growing southern city.

Miss Roach will have her office in the First Presbyterian Church, Corner W. 4th avenue and N. 13th street. She will spend her first Sunday in the work with the Corsicana First Church.

Fairfield Girl Weds At Randolph Field

FAIRFIELD, Nov. 21.—(Spl.)—Miss Bennie McDonald, daughter of Mr. and Mrs. J. A. McDonald of Fairfield, and Warrant Officer Ashley M. Box, formerly of Brownsville, were united in marriage on Nov. 14, at Randolph Field chapel, Chaplain George W. Goodley, Jr., officiating.

The bride's attendant was Miss bridegroom's best man was Staff Frankie Jones of Austin and the Sgt. John L. Corley of Randolph Field.

Warrant Officer Box is stationed at Randolph Field, and the couple will make their home there.

Oak Valley HD Club Met on Thursday

The Oak Valley Home Demonstration Club met Thursday at the home of Mrr. T. E. Young. Mrs. Beden Owen reported on a tour, and canned food were denated to a family whose home burned recently.

ALL INSTITUTIONAL USERS OF COFFEE TO REGISTER NOV. 23-25

DALLAS, Nov. 20.—(Spl.)—Institutional users will register for coffee rationing on November 23, 24, and 25 at the war price and rationing boards, regional OPA officials said today.

Restaurants, hotels, hospitals and other such institutions will be entitled to as much coffee during the first two months of rationing as they used in September and October, officials stated. Their first allotment periods will start from the dates of their registration, and extend to midnight January 31, 1942.

The allotment of coffee for a restaurant, hotel or institution not operating in September or Ocober 1942, will be one pound of coffee for each 60 meals to be served during the allotment period.

While retail sales of coffee to consumers will be suspended from midnight November 21 to midnight November 28, so that dealers may stock their shelves, sales may be made in that week to institutional users who have registered and obtained their allotments.

Other details of the coffee rationing plan follow:

December 21 is set as the date by which retailers and wholesalers must report to their local boards the amounts of their allowable inventories at the start of rationing, and how they obtained them. The required information must be submitted on form R-1202. These forms will be available at war price and rationing boards.

Institutional users are to register at the same local boards at which they are registered for sugar, and must include the same establishments in their registering unit for coffee as are now included in their registering units for sugar. They must state on a separate sheet to be attached to their registration form, the names and addresses of all persons from whom they bought roasted coffee during September and October, and the amounts they bought from each.

An institution that roasts coffee will register and receive an allotment the same as any other institutional user, except that it will receive no certificate for the purchase of green coffee as none is to be required.

Regulations will provide for the situation of those consumers who would be entitled to coffee but who are not as yet registered for sugar, and also for those who may have difficulty in procuring coffee in the quantities and at the time provided because of their location and difficulties in transportation.

LT. COL. MOORE IS CORSICANA VISITOR; GOES BROOKS FIELD

Lieut. Col. and Mrs. I. G. Moore of Hensley Field, Grand Prairie, formerly of Ennis, visited relatives here Thursday evening en route to Hubbard to visit Col. Moore's parents, Mr. and Mrs. J. M. Moore.

Col. Moore has been transferred from Hensley Field where he was executive officer for the past year to Brooks Field, San Antonio. He was an Ennis business man for a number of years before reporting for active duty in the U. S. Air Forces in the summer of 1940. He was an officer in World War I in the 90th. Division and was a member of the Army of occupation in Germany following the 1918 armistice.

Obsolete Tires Off Non-Quota List

Obsolete tires have been taken from the non-quota list and in the future will have to be issued as part of the passenger tire quota which is allotted to Navarro county, officials of the Navarro county war price and rationing board announced Thursday.

Negro Sentenced For Contempt of Court

Norman Spence, negro, was sentenced to three days in jail and was fined $100 by District Judge Wayne R. Howell Saturday noon on a contempt of court proceedings. It was alleged that Spence had violated the orders entered in an injunction granted several weeks ago, restraining and enjoining him from the violation of the prohibition laws.

2 Kerens Children Trapped In Icebox Smothered to Death

Dorothy, age 13 and Alleen, age 4, daughters of Mr. and Mrs. Sam Allen of Kerens were found smothered to death in an ice box at their home Friday afternoon about 3 o'clock. It is supposed that the children got into the ice box, a large one, and pulled the door to behind them.

The parents, who had been working in a field during the afternoon, instituted a search for the children whom they missed upon their return home. They were found smothered to death in the ice box.

Funeral services were held Saturday afternoon at 3 o'clock at Kerens.

VETERANS FIGHTING PACIFIC WAR THEATRE ARE VISITING HERE

Incident to the early Japanese-American hostilities as well as later events in the struggle are related by two Navy men here on leave after several years spent with the Asiatic American fleet. They are H. V. Ware, Jr., of Trinidad, brother of Mrs. J. I. Ellett of Corsicana, and his friend, J. D. Tamez, Beverly Hills, California. Ware is a water tender, second class, while Tamez is a third class quartermaster. They are stationed on a U. S. destroyer, and came to the U. S. Pacific coast via Alaska.

Ware enlisted in the Navy in April, 1940, while Tamez has been with the Navy for four years.

Their ship was in Borneo, December last, when Pearl Harbor was attacked, and assisted in the rescue of the survivors from the great British battleships Prince of Wales and the Repulse when they were sunk by Japs shortly after the Pacific war opened.

"We saw the Prince of Wales and the Repulse go down," the seamen said, and their units were in action in the Java Sea, McCassar Straits and other engagements of the American Asiatic Naval force.

Ware and Tamez also saw action in Singapore and other points along the China and Japanese sectors. Tamez recalled he had visited in Tokyo while in the Navy before the war started, having spent considerable time in the Japanese capital.

METHODIST MINISTER BURIED IN DALLAS; DIED ON WEDNESDAY

DALLAS, Nov 21.—Funeral services were held Saturday morning from the Brooklyn Avenue Methodist church for Rev. Tracy L. Huffstutler, aged 61 years, who died at his home here Wednesday. The rites were conducted by Rev. Francis A. Buddin, assisted by Dr. J. H. Hicks and Revs. Finis A. Crutchfield and L. G. Haggard. Active pallbearers were stewards of the Brooklyn Avenue Methodist church while honorary pallbearers were stewards, Methodist ministers of the Dallas district and North Texas conference.

Surviving are his wife, three sons, Edgar Lane Huffstutler, Paris, Mo.; Ellis Huffstutler, Lake Charles, La., and Tracy L. Huffstutler, Jr., Baltimore, Md.; and a brother, W. E. Huffstutler, Blooming Grove, and other relatives.

Allison Urges All Greeting Cards Be Mailed First-Class

A. A. Allison, Corsicana postmaster, in discussing the approaching Christmas season rush, urged that the citizenship mail their Christmas greeting cards by first class mail to insure delivery.

Pointing out that the mail with 1 1-2 cents postage is the last worked and delivered by the postal employees, the postmaster said that the cards mailed first class with return addresses would be delivered, while the other class were not worked until after the first class mail is handled. The local post office crew is working at top speed with the current amount of business.

CORSICANA NON-COM HOLDS IMPORTANT PLACE AT LOWRY

A man who directs "the smallest unit on the field," this week's top-kick at Lowry Field, Denver, Col., is first sergeant Kermit W. Beasley, 28-year-old son of Mr. and Mrs. W. E. Beasley, 218 East Second Avenue, Corsicana, according to a story in a recent issue of the Denver Post. Sgt. Beasley is in the 864th Signal Service Co., which, despite its small personnel, is one of the busiest organizations of the post. The following article appeared in the Denver Post:

"Briefly, it is the job of Beasley's company to handle maintainance details connected with Lowry's widespread communications system, including radio, telephone and telegraph, and to regulate and supervise telephone and radio construction.

"Beasley comes by his job naturally. He was born on May 29, 1914, at Corsicana, Texas, where he attended school and then was employed in a commercial photo studio before enlisting in the Army on Oct. 11, 1935, at San Antonio.

"His Army career gave him a wide background for the position he now holds. For the first 18 months in the Army he served as an assistant photographer in the Signal Corps, and then transferred to radio maintenance and construction work in the same branch of the service. He worked in the latter capacity until 1939, when be began the study of teletype and telephone maintenance at Fort Sam Houston. This job occupied him until Aug. 5, 1940, when he was moved to Lowry and assigned to the Seventh Signal Service.

"After six months here he became wire chief and acting first sergeant of the unit. He served as wire chief until the telephone company took over several months ago. Beasley now serves as NCO in charge of the Signal and Telegraph offices, after having handled practically every job in the Signal Corps.

Beasley, who helped install the radio transmitters at Fort Logan and Cheyenne, is proud of the growth in Lowry's communications system. "When I first came here," he recalls, "there were only about 150 telephones on the post. We have about 850 working lines now."

'He is married and the father of a son who is approaching his first birthday. His wife is the former Wanda E. Turley of Bird City, Kans. They reside on the post."

Sgt. Beasley recently returned to Denver after a seven-day furlough in Corsicana with his parents.

Corbet Club Women In Session Tuesday

Home-made Christmas gifts and gifts from the farm were discussed at the Corbet Home Demonstration Club meeting, Nov. 17, at the church.

Mrs. W. C. Nokes and Mrs. Elton Skinner were appointed on the committee to make the Christmas box and act as hostesses at the Christmas party to be given Dec. 15 at 3 o'clock. Each member is to bring 15c for refreshments.

MISERIES OF Baby's Cold Relieved As He Sleeps

Now . . . here's wonderful home-proved medication that works 2 ways at once to relieve distress of child's cold—even while he sleeps!

Just rub throat, chest and back with Vicks VapoRub at bedtime. Instantly VapoRub starts to relieve coughing spasms, ease muscular soreness or tightness, and invite restful, comforting sleep. Often by morning, most of the misery is gone.

For baby's sake, try VapoRub tonight. It must be good, because when colds strike, most mothers use Vicks VapoRub.

A Serious Milk Shortage

MEMBER FEDERAL RESERVE SYSTEM

Is predicted for America if something is not done immediately to prevent it. Within the next twelve months the demand for our Armed Forces and our Allies will be very great. This will mean that the supply for the civilian population will be cut materially unless production is increased.

We suggest to the farmers of Navarro County that they immediately investigate the possibility of increasing dairy herds. We will be glad to help plan such a program.

Why Choose an ORGANIZATION as Your Executor?

WE ARE a business organization, chartered under the law to serve as Executor. So a fair question is, "Why should I name your organization as my executor?"

There are several major reasons. Experience — we know the job from close daily contact with it. Efficiency — we have geared ourself to fulfill our responsibilities with the least time and as little lost motion as possible. Economy — we feel that our combination of experience and efficiency add up to important savings for estates.

In addition there are advantages of group judgment which we apply to problems, continuing corporate life, financial responsibility, and others which we shall gladly present to you at your convenience.

NAVARRO COUNTY NUTRITION BOARD IN FIRST MEETING

REPRESENTATIVES OF VARIOUS GROUPS WORKING WAR EFFORT ATTENDED

Organizing for the purpose of improving the health of Navarro county citizens both in the towns and rural areas, the Navarro County Nutrition Board held its first meting Thursday night at the courthouse with Miss Vera Sneed, appointed chairman by Gov. Coke R. Stevenson, presiding and explaining the work to be done by the group.

Representatives of various organized groups who are working with the war effort throughout the city and county attended the meeting of the board which is operating as one division of the Office of Civilian Defense. Home economists, vocational agricultural teachers and individuals from the Red Cross, civic clubs, Kinsloe House and country clubs heard Miss Sneed discuss the importance of improving the physical efficiency, the spirit and the morale of citizens through nutrition.

Have Been Organized.

Miss Sneed explained that rural areas in the county are already organized into community and neighborhood groups, each with a chairman. All incorporated cities in the country will have similar groups, the mayors to appoint nutrition chairmen who will in turn name co-chairmen.

The first project to be undertaken by these groups under the direction of the nutrition board will be an educational program on the "Share-The-Meat" policy set up by the government to precede rationing. "The people must be educated to the necessity of "sharing the meat,'" Miss Sneed said. "We must show them that although a great amount of meat is being produced this year, there is a great demand for its use by armed forces and in the lend-lease program." These neighborhood groups in the cities and rural districts of the county will make a house-to-house canvass telling housewives the need and importance of the program. They will explain that beef, pork, lamb and mutton are the meats to be shared while heart, liver and poultry, in addition to several other items, are not on the list. The workers will explain to housewives that demonstrations on saving meats and preparing them will be given if desired.

This is the first project of many that the board will handle, Miss Sneed, who is home demonstration agent of this county, told her listeners Thursday night.

Cotton Ginnings To Nov. 14 Total 10,686,879 Bales

WASHINGTON, Nov. 21.—(AP)—The census bureau reported today that cotton of this year's crop ginned to Nov. 14 totaled 10,686,897 running bales, counting round bales as half bales and excluding linters, compared with 8,206,276 bales a year ago and 10,060,167 bales two years ago.

Ginnings by states, with comparative figures for a year ago, included:

Arkansas 1,248,727 and 1,252,824.
Oklahoma 536,374 and 459,742.
Texas 2,418,908 and 1,842,343.

Have Authority to Inspect All Records

For the first time since the Texas Unemployment Compensation Commission was created, an employer has been held in contempt in a District Court for failure to comply with an order to permit representatives of the agency to inspect his books and records, it was announced here today.

The unemployment Compensation Act gives authority to representatives of the Commission to inspect employers' records, and makes provision for enforcement of the requirement in the courts. In only a few instances during the seven-year existence of the Commission have subpoenas and court orders been necessary, it was said by Leo G. Williams, Director of the Unemployment Compensation division of the Commission.

James H. Strauss, TUCC supervisor for the Waco District, said that employers had been very cooperative in this district and that in only a few extreme cases had legal action been necessary.

Jackson Stresses Vital Need Plenty Cotton For Defense

HILLSBODO, Nov. 20.—(Spl.)—A shortage of cotton could seriously cripple the United States war effort, Burris C. Jackson, cotton leader and chairman of the State-wide cotton committee of Texas, pointed out Friday. He referred to shortages in labor and equipment, plus a possible further acreage reduction, and then stressed the cotton as a critical war material as a food, feed, fiber and munitions, was essential for the war effort and will be of tremendous importance in re-building the world.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

FLYING OFFICER—ELLINGTON FIELD, Texas, Nov. 21.—(Spl.)—Another Corsicana youth joined the long list of Army Air Force flying officers recently when William B. "Bill" Robeson, son of Mr. and Mrs. Paul H. Robeson, 1401 West First Avenue, was awarded his commission as a second lieutenant in the Air Force reserve and given his silver wings at graduation exercises at Ellington Field, world's largest multi-motored advanced flying and preflight training school.

Lt. Robeson was born in Normangee, Texas, but reared in Corsicana where he was graduated from High School in 1939, lettering in tennis during his time there. He later attended Texas A. and M. College 1939-41, enlisting as an aviation cadet at Dallas on Dec. 18, 1941. He received his primary training at Parks Air College at East St. Louis, Ill., and his basic at Randolph Field. He will report to a tactical unit for further instruction after a short leave from military duty. His parents, an aunt, and O. D. Montgomery, a former co-worker, attended the graduation exercises here, which were marked by the awarding for the first time in the United States to enlisted pilots of commissions as flight officers instead of staff sergeant ratings as was previously the custom. Lt. Robeson is shown above receiving his silver wings from Major Clark L. Miller, commanding officer of Group II, and is holding his officer's commission in his left hand.

Goings and Comings Of Fairfield Folk

FAIRFIELD, Nov. 21.—(Spl.)—Mr. and Mrs. Frank Peyton visited in Dallas Tuesday.

Mr. and Mrs. Fred Rigsdell of Houston visited Mr. and Mrs. E. E. Owens here Wednesday

Mr. and Mrs. David Claridge of Port Arthur visited here this week.

Mrs. L. H. Burton visited her daughter Mrs. J. D. Dinsmore in Dallas last week-end.

Mack Short and family have moved to Shawnee, Okla.

Mrs. Ray Vestal and son visited Mr. Vestal at Pasadena over the week-end.

Mrs. George Brown of Austin visited her parents Mr. and Mrs. Bowlen Bond this week.

Mr. and Mrs. Lee Dockery of Ranger visited relatives here over th weekend.

Capt. Felton B. Lancaster of Mexia, who has been engaged in transporting planes accross Africa, visited friends here last weekend.

Jack Davis Fischer of Fort Worth visited his mother, Mrs. Fisher here the past weekend.

Mrs. Henry McIlveen has been visiting in San Antonio.

Mr. and Mrs. Frank Hardin of Oakwood spent Tuesday here.

Miss Mary Blakeley of Big Spring visited her mother, Mrs. L. H. Burton here last week.

Misses Joy and Joyce Kirgan spent Wednesday in Corsicana.

Mrs. Ellen Nettles visited Mr. and Mrs. Charles Nettle in Houston last week.

Misses Joyce Benbrook and Cecil Foster of Rosenberg visited Judge and Mrs. A. N. Benbrook over the weekend.

Miss Evelyn Turner of Dallas spent the weekend in the home of Mr. and Mrs. W. C. Turner.

Mr. and Mrs. J. R. Tate and Nannie Ruth, Mrs. E. J. Lane and sons spent Sunday in Dallas.

Mr. and Mrs. Millard Johnson and son Jimmy of Garland visited here over the weekend.

Mrs. L. L. Bonner and children are spending the week in Dallas.

Mrs. P. S. McIlveen and Mrs. Homer McAdams visited Mr. and Mrs. J. B. Cashion at Dallas, last week.

Henry Tisdale, Homer Robertson, J. E. Lambert and David Claridge attended Federal Court in Waco Monday and Tuesday.

Deep Test For Oil Drilling Near Alma

A deep test for oil is now drilling one mile west and 1-2 mile south of Alma, according to information received here. The well is being drilled for the Staddard interests of Ft. Worth and Prince Brothers, Waxahachie, are the drilling contractors'

The well will be drilled to the Smackover Lime, expected to be encountered at around 5,000 feet, according to reports. The bit has reached the Austin chalk and is now said to be drilling at approximately the 2,000 foot level.

The acreage for the test was secured from the 30,000 acres held by the Texas Company, according to reports.

Kathryn Hester To Wed Gene Brown

Mr. and Mrs. H. B. Hester, 1516 West Collin, announce the engagement and approaching marriage of their daughter, Kathryn, to Gene Brown, son of Mr. and Mrs. R. S. Mills, 2103 West Second avenue. The wedding will take place on November 28.

Fined on Drunken Driving Charge.

S. O. Gordon entered a plea of guilty to a complaint for driving a car while intoxicated and was fined $50 and costs and his driver's license was suspended for six months Friday by E. D. Mc Cormick, county judge.

Married at Court House.

Richard Earl Honea and Miss Rosa May Jackson were married at the court house Thursday afternoon. The ceremony was performed by Judge Pat Geraughty.

Big Increase In Postal Receipts Local Postoffice

Receipts at the local post office are showing decided increases, according to figures revealed by A. A. Allison, postmaster, Friday.

The receipts from Nov. 1, 1941, to Nov. 1, 1942, totalled $87,698.78, as compared with $76,963.00 from Nov. 1, 1940 to Nov. 1, 1941, an increase of $10,726.78, approximately 14 per cent.

The increase for the first 11 months of 1942 as compared with corresponding months in 1941 show an increase of 16.51 per cent, Allison said.

The increases in receipts will cause raises in the salaries of the postmaster, assistant postmaster and superintendent of mails as they are based on receipts.

Former Corsicana Grid Star Returns From Aleutian Area

Sergent Tom Paschall, U. S. army infantry, recently returned to the states because of a knee injury, after a six months' stay in the Aleutian Islands off the Alaska coast, where American and Japanese forces have been frequently engaged. He visited relatives here and in Waco this week, and leaves next week for Fort Lewis, Wash., for assignment. He hopes to return to Corsicana for Christmas.

Sgt. Paschall, a guard on the 1937 and 1938 Tiger teams, and a lineman with Hillsboro Junior College in 1939, was disappointed that he did not reach Corsicana in time to see the last game of the season. His younger brother, J B. Paschall, Jr., is a guard on the present Bengal eleven.

The knee injury caused Paschall to be returned to the States from the air base where he was guarding. He is loud in his praise of the American airmen and asserts they are the best in the world. Arriving on the West Coast Oct. 28, Sgt. Paschall came to Camp Barkeley, Abilene, with a troop train, and then home.

Paschall was not in actual hostilities, but saw the damage and effects of battle.

Entering the army on Feb. 18 this year, as a selectee, Paschall earned his corporal's stripes in June and advanced to the rank of sergeant in August.

Few Eskimos were seen in that area as the government moved them from the zone.

He is visiting his parents and wife, the former Miss Ethel Shaw of Kerens, now employed at the Waco Flying School, Waco.

DAKAR

CONTINUED FROM FIRST PAGE

by the Free French in 1940 to account for Vichy's only military victory since the fall of France.

With Dakar under Allied control, the Axis is bereft of a potential starting point for an offensive westward against the Americans.

Only 1,860 miles from Recife, Brazil, the base possess one of the best harbors in Africa—the largest in the colony of Senegal, of which it is the capital—and adequate, modern docks and equipment.

Its airports are modern with new facilities for handling air passengers and freight. It has an excellent water supply, the climate is healthful, the transportation good.

Governor-General Boisson directed the successful defense of Dakar against the ill-starred Free French expedition in 1940.

CARD OF THANKS

"We wish to offer our sincere thanks and appreciation to our friends and neighbors for their sympathy, kindness and consideration shown us during the death of our father.

Mr. and Mrs. Earl Coker,
Misses Ethel and Nannette Coker.

INTERNATIONAL

ing behind Stalingrad and biting off the gains of the costliest week's of Hitler's 1942 offensive.

The German high command admitted that its troops and their Rumanian allies were fighting "heavy defensive battles" south of Stalingrad and in the Don loop west of the city in an attempt to "ward off the Soviets."

The Berlin radio broadcast a statement that German military quarters "abstained from commenting" on the situation and "thus maintained their usual reticense and refrained from discussing pending military events."

Obviously the situation was little to the nazi liking.

The Russians placed German losses from the Russian attacks at some 15,000 killed and more than 13,000 captured, with the toll still mounting.

Seven enemy positions, including one tank division, were reported "completely routed" and heavy losses were said to have been inflicted upon seven other infantry divisions, two tank divisions and two motorized infantry divisions.

North African Headache.

Hitler's North African headache throbbed into its third week with heavy damage inflicted upon a German armored column by a British force advancing along the Tunisian coast toward Bizerte, and with French troops holding successfully despite heavy losses against nazi attempt to widen their Tunisian foothold.

The scene of the French stand was not specified by allied headquarters, but the Morocco radio broadcast an unconfirmed report that the French had repulsed an attack "on the western front"—presumably an attempt to break into Tunisia through the fortifacations along the Tripolitanian frontier.

Attributing its information to a communique by the French general headquarters in North Africa, the Morocco radio said "German detachments coming from Tripolitania have crossed the Eastern (Tunisian) frontier" and infiltrated to the Gafsa Aasis, 180 miles southwest of Tunis and 40 miles from the Algerian border. There, the broadcast said, they were repulsed by a French counterattack.

Rommel May Be In Charge.

A Berlin broadcast heard in London suggested that Marshal Rommel had been placed in command of axis forces in Tunisia, and had moved there with at least part of the remnants of his African corps.

"With Tunisia," the broadcast said, "Rommel has exchanged a useless strip of desert for a battle zone akin to European conditions. In this way the balance has shifted from East to West."

Whatever force was left in the path of the British Eighth Army from Egypt was withdrawing toward the narrow El Agheila front between the Gulf of Sirte and the inland salt marshes with the British in hot pursuit.

Allied air forces preceded systematically to whittle down the German-Italain air strength in Tripolitania, Tunisia and the bases from which air operations there could be supported.

Striking presumably from Malta, British medium bombers scored hits on hangars and other airdrome buildings at Bizerte, while twin-engined fighters and fighter-bombers repeatedly attacked airdromes in Sicily over the week-end.

Smashing Air Blow.

Guarded by P-38 Lockheed Lightnings, U. S. Flying Fortresses of Maj.-Gen. James H. Doolittle's command delivered a smashing blow Saturday to hangars and warehouses of a German-occupied airdrome at Tunis.

Three Messerschmitts were shot down in the air by the heavily armed Fortresses and a fourth by the lightning fighters, in action for the first time against German planes. Five other German planes were destroyed on the ground.

American and RAF planes also kept the axis supply port of Tripoli under day and night attack.

The Algiers radio said several persons were killed in an axis air attack on Algiers last night.

The Italian high command said three merchant ships were sunk in Algiers harbor by bombers, a big merchantman and a warship were torpedoed in an attack on a British convoy in the Mediterranean, and other British and American naval units were hit in a German bomber attack on another North African harbor. None of these claims had any confirmation from allied sources.

The RAF carried the air war into Germany last night for the first time Since Nov. 9, attacking the industrial and communications center of Stuttgart with a strong force. Ten bombers were lost.

One of the Canadian pilots who participated in the raid said "the town was just criss-crossed with incendiaries." An air ministry account of the operation said low-level observation showed that results of the attack were good.

Says France at War With Allies.

BERLIN (From German broadcasts) Nov. 23.—(AP)—Marcel Deat, leader of a French political party favoring collaboration with the Nazis, asid today that "France is in a state of war with Gerat Britain and the United States," the Berlin radio reported.

Writing in the newspaper L'Oeuvre, Deat said "France must recapture her colonial empire, consequently French troops everywhere must oppose the Anglo-Saxons. France is co-operating militarily with the Axis powers."

Krueger Praises Mexico.

MEXICO CITY, Nov. 23.—(AP)—Lieut. Gen. Walter Krueger, commander of the United States Third Army, who viewed a patriotic midday parade here yesterday, praised Mexico for its prowess in national defense.

Dr. Carlos Salazar, Guatemalan minister of foreign relations, who also viewed the parade while on a state visit, commented: "For me this parade signifies the new potentiality of Mexico."

Allies Now Calling Signals.

HOUSTON, Nov. 23.—(AP)—Rep. Albert Thomas, (D-Tex), said the invasion of Europea will be made at the allies conveniences and choosing, "for we are now calling the signals."

Rep. Thomas, speaking at the launching yesterday of the U. S. S. Stewart, first destroyer escort vessel constructed by the Brown Shipbuilding Company, predicted the Italian people in Sicily will call "a sit-down strike" to aid the allies after Bizerte is taken by allied forces in North Africa.

Free Press Praised.

OTTAWA, Nov. 23.—(AP)—Arthur Hays Sulzberger, president and publisher of the New York Times, said today that "no leader of any major nation has been able to plunge into a war of conquest any people who had a truly free press."

He added in his address, prepared for delivery before the Rotary Club of Ottawa:

"Not until Hitler was able to keep the truth from the German people and poison their minds with his monstrous lies, and not until Mussolini and the Japanese war lords were able to do likewise, were they able to drag their people into war."

COMMISSIONED—LAKE CHARLES, La., Nov. 21.—(Spl.)—Shown on the occasion of the recent graduation exercises at the Lake Charles Army Flying School, Lake Charles, Louisiana, are: Lt. and Mrs. James P. Roberts of Enid, Oklahoma, and the Lieutenant's mother, Mrs. W. L. Roberts of Rice, Texas. The newly commissioned Lieutenant's wife is the former Miss Mary Louise Eudy of Enid, where he went to work following his graduation from high school in Corsicana, Texas. Lt. Roberts entered the service in February, 1942 as an Aviation Cadet. He was sent to Hicks Field and then Perrin Field for his preliminary flight training. From there Lt. Roberts was transferred to this advanced single engine pursuit pilot training field.

MEDITERRANEAN

CONTINUED FROM FIRST PAGE

forces driving eastward from Algeria, but pro-Allied French forces have been reported in control along most of the coast, and, according to French North African broadcasts some British and American forces had joined these French allies.

A North African broadcast, purporting to quote a pro-Allied French communique, said German infiltration units had been thrown out of the Oasis of Gafsa west of Gabes, but other infiltrations were being attempted as far north as Kairouan, 75 miles south of Tunis.

Comment on Rommel.

The Berlin radio, in a consoling tone, thus referred to Rommel: "With Tunisia, Rommel has exchanged a useless strip of desert for a battle zone akin to European conditions. Nothing proves more clearly Rommel's strategical genius than this move, carried out as soon as he realized the enemy's intentions.

"In this way, the balance has shifted from east to west. Rommel's African Corps now has taken up positions prepared beforehand."

A communique from Cairo said his forces in Libya were pushed back farther yesterday toward the El Agheila bottleneck, the last good place for a stand short of Tripoli.

While Axis announcements indicated that Algiers and Allied forces there were under frequent air attack, Gen. Eisenhower's headquarters and Cairo headquarters showed that the Axis bases at Tripoli, Tunis and Bizerte were being heavily pounded by American four-motored bombers, Allied medium bombers and twin-engined fighters attacking from both the east and west.

Tunis Airfield Blasted.

U. S Flying Fortresses and twin-motored Lockheed P-38 fighters of Maj. Gen James H Doolittle's command blasted hangars and warehouses of the German-occupied airfield at Tunis Saturday and destroyed nine planes four of them Messerschmitt 109s which offered combat, it was announced at Allied headquarters in North Africa.

The bombers accounted for three of the Messerschmitts. In action for the irst time against the Germans, the Lockheeds shot down one and drove off the remainder. Field observers took this performance as an indication that they are equal to the best in the Nazi air force

Heavy damage was declared inflicted on a Nazi armored column by one of the British advance detachments pushing along the north coast of Tunisia toward Bizerte and the Germans ere hurled back. A headquarters spokesman said clashes in that area are "growing heavier."

Dakar May Come In.

OTTAWA, Nov. 23.—(AP)—The Canadian Broadcasting Company's listening post said today it had heard a Dakar broadcast announcement that the French governor general there had put the military command of his post under Admiral Jean Darlan, who is co-operating with the allies in North Africa.

The Broadcasting Company said the announcement was made in the name of the Daka. government.

How Nazi General Captured.

LONDON, Nov. 23.—(AP)—General Ritter von Thoma, former commander of the German Africa corps who is now a prisoner of war in Britain, leaped out of his damaged tank, hid in a slit trench and gave himself up when British Soldiers approached, a War Office statement said today.

Von Thoma was taken early this month when the British Eighth army broke Marshal Rommel's El Alamein line in Egypt. The official statement gave this eyewitness account, quoting a 24-year-old troop leader of the tenth Hussars, whose name was not given:

"One of our officers was on reconnaissance in a scout car when it was pierced by a 50-millimeter shell from a German tank. He came over to my tank, which was nearby, climbed on the back and said 'Get that chap who hit me.'

"I opened up with my gun and succeeded in hitting the German tank, which was a Mark-3. The crew bailed out and one hid in a slit trench. When we went forward he emerged and gave himself up.

"It turned out he was General Von Thoma. He was taken away by the other officer in his scout car, which was still in action despite being holed.

"General Von Thoma apparently was on reconnaissance. There were no German or Italian tanks close, the only other enemy vehicle near being a half-tracked troop carrier."

VICHY. (From French Broadcasts), Nov. 23.—(AP)—French West Africa has placed itself under the orders of Admiral Jean Darlan, the Admiral declared in a broadcast over Radio Algiers tonight.

French West Africa includes the strategic port of Dakar, near the westernmost bulge of Africa's Atlantic coast.

(In area French West Africa is the largest unit of the French empire, covering 1,815,768 square miles, and besides Dakar includes Senegal, French Guinea, the French Sudan, Dahomey, Ivory Coast, Mauretania and Niger. The population totals about 15,000,000.

(Already this great territory was sandwiched between two French areas which have thrown in their lot with the United Nations, the Morocco-Algeria strip to the north and Equatorial Africa to the south.

Eddie Moore of Fort Worth Cats Died There Sunday

FORT WORTH, Nov. 23.—(AP)—Eddie Moore is dead.

Holder of two Texas League baseball records he set as a member of the Fort Worth Cats, the former centerfielder died yesterday of a brain ailment believed to have resulted from an injury suffered in a game in 1930.

Moore's records were for playing the most consecutive games and for clouting the most three-base hits in a season. From 1926 to 1930 he played in 653 consecutive games and in 1929 he made 30 triples.

He was struck on the head by a pitched ball during a game at Beaumont in 1930 and relatives believe his death resulted from that injury. An autopsy was to be performed.

THE WAR TODAY

CONTINUED FROM FIRST PAGE

down beside the mother Atlantic Actually it isn't a lake at all but a huge bay which is almost surrounded by land. It is 15 miles long and three miles wide and is so sheltered that it would accommodate a well nigh limitless armada of flying boats. Behind it are facilities for land planes.

Thus you have a perfect base for war or commerce.

This development is a Pan-American Airways project and must form a proud chapter in the history of the company's pioneering

A sturdy little army of Pan American workers has faced tropical disease and fierce discomforts to create this strategic port with the help of 700 natives recruited from the surrounding villages.

Some 20 acres of land have been wrested from the dense jungle which continually reaches out to reclaim its own. Neighboring morasses have been drained and on the high ground overlooking the port have been erected many comfortable and well-equipped buildings, including administration headquarters, a recreation center, a huge dining hall, a laundry and five barracks, complete with fans, baths and electric lights.

There are others whom I should like to mention in connection with this achievement, but they must remain shadow people of our mystery port. They will understand.

You have to see this region to understand what a tough job has been done. The daytime heat is terrific, although the nights are not bad, and the humidity is so great that your clothing is never dry. You learn by the sweat of your brow.

RUSSIAN

CONTINUED FROM FIRST PAGE

forward," the mid-day Russian communique said.

Two Main Sweeps.

In a special communique issued last night the Russians announced that a Red Army force sweeping forward from northwest of Stalingrad had reached and occupied Kalach, 50 miles west of Stalingrad, while another column striking westward south of the city had occupied the railroad town of Aganerovo.

In aggressive motion on a wide stretch of the long front Russina troops were credited today with killing some 1,600 enemy soldiers within Stalingrad and on the Nalchik, Leningrad and Northwestern fronts in addition to those slaughtered in the Stalingrad offensive.

Two companies of Germans were wiped out in the factory area of Stalingrad when the Russians smashed two attacks, the communique said.

Along the route of the two-pronged drive two German storm battalions were reported routed northwest of Stalingrad and much material captured.

the Yangtze river port of Shasi in Hupeh province, and Shayang on the Han river 35 miles to the northeast without encountering any Japanese aerial opposition.

Japs Under Heavy Air Attack.

In New Guinea the Japanese were kept under incessant aerial attack as they made their desperate last stand on the beaches.

American and Australian troops seized a landing strip and carried the attack on to the Buna Mission, a mile from the coastal town of Buna, and the main landing field at the outskirts of Buna.

Other Australian forces were closing in on Gona, 12 miles up the coast.

The sinking of the Japanese destroyer off the coast balanced the news from the navy department that an additional U. S. destroyer had been lost in the Nov. 13-15 battle of the Solomons. The name of the destroyer was not disclosed It sank the night of Nov. 16 from Torpedo damage suffered during the sea fight the night before.

The latest communique gave no further details of the land fighting on Guadalcanal island since the Saturday announcement that American troops had advanced a mile beyond their previous positions along the Hatanikau river.

Aleutians Situation.

By WILLIAM L. WORDEN

HEADQUARTERS OF ALASKA DEFENSE COMMAND, Nov. 23.—(AP)—Indecision of the Japanese command and the insufficient equipment for the Aleutian campaign has been clearly demonstrated in recent activities in the Northern island sector and the Japanese, who made such a brave showing in June, are now apparently unable to decide whether to hold even what they have

Although many observers believed at first that Kiska was only an outposet for main Japanese activities in the Aleutians, developments this fall indicate they once decided to center all activities there, even abandoning Attu and other island outposts to reinforce much bombed Kiska.

However, they may later have changed their minds when they made an attempt to reinforce Kiska by air via Attu after all Kiska planes had been knocked out of the skies in bomber and fighter attacks by United States and Canadian airmen during September and early October.

Win Silver Stars.

GENERAL HEADQUARTERS, SOUTHWEST PACIFIC AREA, Nov. 23.—(AP)—Twelve United States army air corps officers have won silver stars for gallantry in action ranging from bombing raids in the East Indies last January to more recent engagements against the Japanese in New Guinea and the Solomons.

Lieut.-Gen. George C Kenney, commander of llied air forces in the Southwest Pacific area,. announced the medals had been presented to: First. Lieut. Victor J. Poncik of West, Texas, and Mabry Simmons of Pamp, Texas.

News is Balanced.

WASHINGTON,. Nov. 23.—(AP)—News that the United States had lost an additional destroyer in the Nov. 13-15 battle of the Solomons was balanced today by the sinking of a Japanese destroyer off New Guinea

The Japanese ship was destroyed by Allied bombers while apparently attempting to land reinforcements at Buna, northeast coast base which is gradually being encircled by Australian and American troops.

Loss of the American destroyer, which sank the night of Nov. 16 from torpedo damage suffered during the previous night's action, was reported by the navy yesterday The officers and crew were rescued by another destroyer, with no loss of life reported.

Sick and Convalescent.

A baby daughter was born to Mr and Mrs. A. P. Whitener at the P. and S. Hospital Monday morning.

Mrs. J. O. Crider, who recently underwent an operation at the P. and S. Hospital, is doing nicely.

Mrs. W. L. Tubbs of Cayuga was taken to her home Sunday from the P. and S. Hospital.

Mrs. E. J. Mattecheck and baby were taken home from the P and S Hospital Monday morning.

Mrs. E. S. Morrisett will be taken home from the P. and S. Hospital Monday afternoon.

J. C. Cook, who was recently injured in an oil field accident, is doing nicely at the P. and S. hospital.

HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY

By VERONICA DENGEL

THE BICYCLE EXERCISE

I have had so many requests for exercises that I am going to give you two each week. These have been given before, and some of you may have them in your scrap books; but you who do not know them, please cut out the pictures with the instructions and save them. Not that I want you to put them away—and forget about then. Indeed not, you must do them, because your figure will be grateful for its nice new, lithe lines.

Thet one I am giving you today is the old favorite—grand for general circulation and for general firming of the contours. The "Bicycle exercise" is not done by lying comfortably on your back and kicking your legs around aimlessly. You must get your hips off the floor!

Raise the body so that the weight is resting on the shoulders—use the hands for support. Rotate the legs briskly, stretching as far as possible each time, and bending the knee 'way down as you make the circle. Repeat 100—150 times—just . few miniutes to count that many pedallings. And do it every day.

All requests for personal "Health Beauty and Poise" information desired by Veronica Dengel's column followers must be accompanied by a fully self-addressed, stamped envelope (s. s. s. e.) Address: Veronica Dengel in care of this newspaper.

ADDITIONAL TIRES APPROVED BY LOCAL RATIONING BOARD

Individuals and business firms granted certificates for tires, tubes, and retreads under the November quota not previously reported were announced Monday by the Navarro county war price and rationing board as follows:

County School Board To Meet Tuesday

A called meeting of the Navarro county school board will be held at the courthouse Tuesday morning at 10 o'clock.

J. C. Watson, county school superintendent. stated Monday afternoon that this session would take the place of the regular Decembed meeting of the board.

LT. COL. GARNER TO VISIT HOME IN NEXT SEVERAL DAYS

Lt. Col. John J. Garner of Camp Edwards, Mass., is scheduled to visit relatives and friends here within a few days, and post office employes and other friends plan to extend him a party while here, it was revealed Monday afternoon.

Col. Garner and family are in New York City en route to Corsicana. He has been with the 36th Division since it was mobilized and fedaralized two years ago, and prior to that time was assistant postmaster, superintendent of mails and held other posts in the local post office. He served in World War I as a non-commissioned officer and later became an officer when the local units of the Texas National Guard were organized.

SEVERAL SELECTEES SENT CAMP WOLTERS FROM HERE MONDAY

Several selectees were sent to Camp Walters, Texas, Monday from Navarro county draft board No. 2 for induction into the U. S. Army, including:

Seth E. Campbell, Limuel Garvis Miller, Orval Wilson Glenn, Clifford W. Sweatt, Jack Harold Evans, Haskell Roy Hargrove, William Rufus Beaird, Marion Ray McGlaun, Gus Adams, Ellis Hamilton Cate, Grover Steward Melton, William Curtis Kilgo, Andrew Julius Perry and Wesley Udell Crawford.

A large contingent is to go to Dallas Tuesday from Board No. 1 for physical examination.

EYEWITNESS

CONTINUED FROM FIRST PAGE

American night fighters went up and shot down two of the bombers and possibly a third when a flight of three was intercepted. One of the U. S. fighter planes was lost but the pilot is safe.

Lieut. Joe Griffin of Pauls Valley, Okla, bagged one of those definitely shot down, and Maj. Harry M. Pike of Portage, Wis., the other. These were their first confirmed victories in China, though both have several probables to their credit.

The American plane that was lost was flown by Lieut. John Lombard of Ionia, Mich., who made one ass at the Japanese and then was forced to bail out when Japanese guns caught him.

POLL TAX

CONTINUED FROM FIRST PAGE

while he would vote for the bill if given an opportunity, he would not vote to close debate lest that action be used some time in the future to force passage of a measure that might threaten the stability of the state government of Illinois.

"My country would have to be threatened with virtual annihilation before I conscientiously could vote for such a rule," Lucus declared.

Senator Shipstead (R-Minn) said he had never voted for cloture and certainly would not vote to close the door minority expression "when we are fighting all over the world to preserve minorities' rights."

Bill Unconstitutional.

Senator Reed (R-Kan) said he thought the anti-poll tax bill was unconstitutional.

In a last plea, Barkley called the poll tax "a hangover from feudalism" and a "survival of bourbonism."

"To require payment of a poll tax in order to vote is a demand by society that the right of voting be bough," he declared. This question involves the very foundation of Democracy and freedom."

Thomas Jefferson, "the greatest liberal of his day and the profoundest political philopher of them all," Barkley continued, held that governments derived "just powers" from the consent of the governed.

"If what he said is true, then all powers not derived by consent of the governed are unjust powers," Barkley added. "Any one deprived of the right to vote because of his inability to pay a poll tax can't be said to have consented to the powers asserted over him."

Before the session Connally told reporters he was confident the Senate would decline tho invoke a seldom-used rule limiting debate and thereby not only would send a pending bill to its legislative death but would register two strikes against any similar measure in the future.

"I don't think they can invoke cloture against us and when they fail to do that they ought to know it would be a waste of time to bring it up in the next congress or any other time," Connally declared.

It has been the contention of Connally and other southerners who filibustered for a week against the bill that only the states have the constitutional right to set up or abolish poll taxes.

The constitutional question was laid aside today, however, as the senate prepared to vote on a move to invoke cloture—its fourteenth vote of this nature since adoption of the debate rule on March 8, 1917.

Only four times has the drastic rule, limiting each senator's discussion to one hour, been adopted—first in considering the Versailles treaty in 1919, again on the world court protocol in 1926, a banking bill in 1927 and a prohibition bill in 1929.

Even supporters of the pending measure, including Democratic Leader Barkeley of Kentucky, acknowledged there was no chance to obtain the necessary two-thirds approval. In that event, Barkley has agreed to drop the bill.

Corporation Court.

Eight were arrested on intoxication charges, one for theft, 14 were cited on overparking charges and one for double parking. One door was found unlocked in the business district.

A green, late model Ford was found turned over in a ditch three-fourths of a mile west of the city limits on Highway 22 Sunday morning.

AIR RAID

CONTINUED FROM FIRST PAGE

senting the teen-age high school citizens, will speak on why the youngsters believe in Democracy. Miss Anderson is the daughter of Mr. and Mrs. E. J. Anderson.

F. H. Harvey, Jr., president of the Corsicana Chamber of Commerce, will appear on the program, and will present Mayor John C. Calhoun of Corsicana, who will welcome the visiting delegations from Ellis, Hill and Freestone counties, and will present R. E. (Bob) Smith, eighth regional civilian defense director, San Antonio, a former Corsicana oil man, who will make the principal address after the incident is closed.

15 Minute Blackout.

District 4 will observe a 15-minute blackout preceding the incident. All District 4 wardens will be at their customary places, and will come to the site after the blackout. The remaining wardens in Corsicana and Navarro county meet at the city hall at 8 p. m. and will then be escorted to the scene under the direction of Fred D. Prince, police and fire commissioner.

The public is warned not to be on the streets during the incident as the fire trucks, police cars, utility trucks, and ambulances will speed to the scene and will be racing against time.

There will be about 700 civilian defense wardens from Navarro county, it is planned, in addition to those from the neighboring counties, and for that reason, the general public will be denied admittance to the area.

First aid demonstration for "victims," hospital treatment and repairs of broken utility services will be included in the practice. The victims will be rushed to the P. and S. Hospital in ambulances after first aid.

W. A. Lang is District 4 warden while H. D. (Pete) Reeves is assistant. W. M. Bivin is warden in charge of local communications.

NEW GUINEA

CONTINUED FROM FIRST PAGE

was steaming to the northwest when last seen, he said.

Moving in after the llied fliers had subjected Japanese ground positions to a terrific pounding, American and Australian troops captured a new landing strip at Buna from the enemy.

Other Allied forces were reported attacking the Buna mission, one mile from Buna and the main landing field on the outskirts of the village.

Australians Nearer Objective.

The Australians, after attacking Japanese positions at Gona 12 miles up the coast from Buna, furiously for several days, were believed to have advanced closer to their objective, but the exact situation there was obscure.

Twelve Japanese dive bombers, escorted by 20 Zero fighters appeared over the forward Allied positions yesterday morning, but they were intercepted by Allied planes and flew back to their bases at Lae and Salamaua, leaving a number of smoking wrecks of planes behind.

Including the victims in the dive bomber formation and planes destroyed on the ground, Allied airmen wrecked 19 enemy planes yesterday for the loss of only one American fighter.

The air command made the strongest air effort of the campaign in the combined attacks on land, sea and air opponents. A North American B-25 was credited with the direct hit which sank the Japanese destroyer, but all other types of planes were engaged in fighting off enemy air attacks and blasting the Japanese ground positions.

American Doughboys Fighting for Keeps

By MURLIN SPENCER

SOMEWHERE IN NEW GUINEA, Nov. 22.—(Delayed)—(AP)—American doughboys are fighting the battle of Buna for keeps and are asking and giving no quarter to the veteran Japanese who oppose them.

The Americans have advanced somewhat against an enemy they seldom see.

The battle has been a series of individual actions, with a platoon wiping out a Japanese machine-gun nest here, attacking an enemy mortar position there.

It is an eerie battle of sounds under a huge tent of towering trees and in tall jungle grass.

Although I watched from less than a half a mile away from the Japanese positions, I could see nothing.

The wounded and sick returning from the front lines said this battleground must be the world's worst.

They came back soaked to the skin after spending all night in wet underbrush and wading a river up to their necks.

Some were carried back on stretchers but one soldier with a foot wound came riding pick-a-back on a comrade.

Married Here Sunday.

Aubrey Avery Whitehead and Sarah Ann Stone, both of Fort Worth, were married at the home of Judge and Mrs. Pat Geraughty Sunday. Judge Geraughty performed the ceremony.

Livestock

Fort Worth Livestock.

FORT WORTH, Nov. 23.—(AP)—All cattle and calves steady. Most butcher hogs showed losses 15-20c from Friday's average levels with packing sows 25c lower and stocker pigs scarce. Hog top 13.85, with packers paying up to 13.75. Killing classes sheep and lambs strong to 25c higher.

Medium to good fed steers and yearlings 11.00-13.25; included one package steer yearlings at 13.25; one load fed heifers 13.00; two loads of steers 12.95. Cutter and common steers and yearlings sold mostly 8.00-10.50.

Good beef cows 9.50-10.75, included one truck load at 10.75. Common to medium beef cows 7.75-9.25. Canners and cutters 4.50-7.75. Good weighty bulls 9.50-10.00; common to medium bulls 7.50-9.25. Good fat calves mostly 11.00-12.00. Few choice calves 12.50.

Stocker steer calves up to 13.00; stocker heifer calves 12.00, common to medium stocker calves 8.00-11.25. Stocker steers and yearlings 8.00-12.00; stocker cows went out at 9.50 down.

Most of the good and choice 180-300 lb butcher hogs 13.75-85 while good 150-175 lb averages brought 13.10-85. Packing sows cashed at 13.00-25 and stocker pigs at 12.00-75.

Sheep, included good to choice fat lambs at 12.00-14.00; good and choice yearlings at 12.00-50; aged wethers at 6.50-7.00; mixed grade feeder lambs 9.50 down. Goats 3.50-75.

U. S. Army Pilot Killed In Crash

LONDON, Nov. 23.—(AP)—A United Statess army air force pilot was killed yesterday when he crash-dived his faltering plane into a football field in a crowded London district in order to avoid hitting a row of small homes.

The name of the pilot was not announced here.

Suburban thousands saw flames spurt from the engine and noticed the irregularity of the motor as the low flying craft headed for a row of closely packed houses.

The pilot then banked steeply and nosed-dived in a football field 50 yards from the nearest house.

Thomas Curd ran from his garden to the field and dragged the pilot's body from the burning wreckage.

"This pilot saved dozens of our lives," he said. "All of us in this neighborhood want to do something to show our gratitude. If we can get the name and address we want to write to his parents and tell hem how he sacrificed his life for us."

Negro Who Lost Arm At Pearl Harbor Now Doing Welding Job

SAN PEDRO, Calif., Nov. 23.—(AP)—A one-armed welder, wounded at Pearl Harbor, is hard at work at the California shipbuilding plant, getting revenge against the cohorts of a two-armed ex-paper hanger in Germany.

He is Obbie Bartlett, strapping 25-year-old negro, whose left arm was ripped off by a Jap bomb while he was serving with the army quartermaster corps in Honolulu.

Recovered, Bartlett attended a night welding school, then landed a job building ships.

"I kinda like to feel that my stinger, or welding implement," says Bartlett, "is just as powerful as the rifle I left behind."

Have Fine Son.

Corsicana friends of Mr. and Mrs. Monroe Speed of Midland will be interested in knowing of the arrival of a son in the Speed home during the past week. Mrs. Speed was the former Miss Frances Curington of this city.

NOTE OF THANKS.

To thank you for your kindness and sympathy at a time when it was deeply appreciated in the recent death of our loved one, Mrs. Della Mabry.

Mr. W. W. Mabry and Family,
Mr. and Mrs. W. W. Brannon and Family.

Johnny Barlow, private first class, son of Chas. L. Barlow, Route 4, has entered a special course in the blacksmith and welders division of the Armored Force School Wheeled Vehicle Department, which trains the technicians needed for the Army's hard-hitting armored divisions.

Pvt. Cecil D. Hobbs, son of Mr. and Mrs. Sebron L. Hobbs, Rice, has graduated from a course in aviation mechanics at Sheppard Field, near Wichita Falls, one of the many schools in the Army Air Forces Technical Training command which trains the specialist technicians who maintain bombers and fighter planes in perfect combat condition.

Frank Taylor of Blooming Grove, is home on a two weeks furlough from Stuttgart, Arkansas, where he is in training as a glider pilot. He graduated at Chanute Field, Illinois, as a mechanic in the Air Corps a year ago.

AMON CARTER SEES ENGLAND WILLING MAKE SACRIFICES

LONDON, Nov. 23.—(AP)—Amon G. Carter, president and publisher of the Fort Worth Star-Telegram, declared in a broadcast last night to America that Americans should acquire the spirit of the British, who, he said, feel that no price is too high for liberty.

"They are accordingly adjusting their lives and have the determination to do the job completely at this time," said Carter, who has completed a tour of camps in Britain and northern Ireland.

Carter said men in the ranks are "very fit" and eager for action but have three complaints.

"First," he said, "they want to get into the midst of the actual fighting. Their second is about a considerable delay in receiving mail. There's nothing they appreciate more than letters from friends and loved-ones.

"The third and important complaint is they cannot understand why there should be strikes and delays at home. They feel that it is disloyal of anyone who is responsible in any way for their receiving full supplies and equipment at this critical time."

Supplemental Gas Rationing Booths

Supplemental gasoline rationing booths have been set up in the city to aid those citiens who desire to file for B and C cards, Wilbur Wright, chairman of the war price and rationing board announced Monday morning.

Booths are located and staffed as follows: Texas Power and Light Company, Fred H. Harvey, Jr., Bill Cruse and Lloyd G. Kerr; R. E. A. office, Ben Templeton; Beaton Hotel lobby, Marion Martin and Ivan Rosenberg; State National Bank, W. M. Davidson; courthouse, E. Y. Cunningham and C. J. Knox. Jake Hudson is in charge of establishing supplemental stations.

All car owners wishing to make application for supplemental rationing cards are urged to go to one of these places where they will receive application forms and information and aid in filling the blanks out, Wright said. Owners are urged to go to the booths instead of the ration board, it was emphasized.

Reports on applications for A cards received at the schools throughout the city and country were expected to be complete Monday afternoon, officials of the board stated.

Kerens Girl Named Member Omicron Nu

AUSTIN, Nov. 23.—At least five University of Texas co-eds anticipate no trouble in counting vitamins and planning and cooking meals—they were selected this week as members of the Omicron Nu, honorary home economics fraternity.

The tradition of "cooking and sewing" is not followed strictly by the home economics department, for students majoring in this field have a choice of study ranging from interior decoration to highly scientific courses in nutrition.

Omicron Nu has a membership limit of 20, and election by the fraternity is the highest recognition which can be given a student in home economics. One of the five initiates this fall is Frances Hemphill, of Kerens.

Dorothy Lee Barham Weds W. G. Clarkston

Miss Dorothy Lee Barahm became the bride of Private First Class W. G. Clarkston in a simple ceremony Saturday, Nov. 21, at 7:30 p. m. at the parsonage of the Eleventh Avenue Methodist church. The Rev. A. A. Peacock officiated in the presence of Miss Bobbie Barham, Miss Patsy Cook and Mr and Mrs. W. D. Davis.

Pfc. Clarkston is stationed at Camp Edwards, Mass., and is now on furlough. Mrs. Clarkston, who is a 1942 graduate of Corsicana High school, will join her husband later.

Kerens Girl Featured In Sunday Pictures

A picture of Miss Anne Talley of Kerens, former University of Texas student appeared on the society cover of the Dallas Morning News entitled "News of Women."

The picture was one of a group showing women workers. Miss Talley is shown working at a drafting board at North American.

Former Cadet Here Married in Waco

Miss Pollyanna Speed of Waco became the bride of James O. Wiggins, former aviation cadet at the Corsicana Field, in a ceremony Saturday night at the First Baptist church in Waco.

Wiggins will be remembered as a member of the Cadet Quintet, which appeared on several programs here recently.

White's Chapel HDC To Meet Wednesday

Refinishing old furniture will be demonstrated at the White's Chapel Home Demonstration club meeting Wednesday afternoon at 2 o'clock at the Community Center. All who are interested are urged to attend.

Aley Lou Marshall Is Shower Honoree

Miss Aley Lou Marshall, bride-elect of Sidney Earl Burnes, was honored with a miscellanneous shower in Dallas Friday night by Miss Lettie Emerson at her home.

The wedding will take place on Nov. 28.

Dawson School Head Here.

Ray L. Waller, superintendent of the Dawson schools and chairman of the executive committee of District 21-B, University of Texas Interscholastic league, was a business visitor in Corsicana Monday afternoon.

R. R. OWEN, LAWYER
General Practice
Specializing in Land Title Work and Estates.
Daily Sun Building.

Large Number Finish Nutrition Course

The following have completed the American Red Cross Nutrition course Nov. 11: Misses Ethel Gene Blake, Rt. 1, Purdon; Virginia Blake, Rt. 2, Barry; Bonnie Mae Boyd, Rt. 2, Frost; Dorothy Berry, Rt. 1, Purdon; Mollie Hollingsworth, Rt. 1, Frost; Lucille Marlowe, Blooming Grove; Dorothy Marie Melton, Rt. 1, Blooming Grove; Mattie Ruth Hiler, Rt. 1, Barry; Eula Dell McGraw, Blooming Grove; Edna Shipman, Blooming Grove; Bertha Rose Ellis, Rt. 1, Blooming Grove; Mae Lynn Rawson, Rt. 2, Frost. Miss Opal Allmon of Blooming Grove instructed.

One hundred and twenty-nine nutrition certificates have been granted to date, announced Mrs. R. B. Mitchell, Red Cross head. Two classes are in progress at present.

Fire Destroys Two Rice Residences

Two residences in Rice owned by J. B. Fortson were destroyed by fire of undetermined origin about 3 o'clock Saturday morning, it was reported here. A booster wagon and a pump from the Corsicana Fire Department answered the call and prevented the further spread of the flames.

One of the houses contained the Rice telephone exchange, Miss Sallie Burks, operator, while Willie Franks occupied the other building destroyed, it was reported by Rice residents here Saturday morning. Household effects of the two buildings also were lost.

No estimate of the amount of loss was made here.

White's Chapel HDC To Meet Wednesday

The White's Chapel Home Demonstration Club will meet Wednesday afternoon at 2 o'clock at the White's Chapel community house, it has been announced and all members are urged to attend.

Mr. Farmer

Bring us your hens, fryers, eggs and sour cream. We will pay you the highest market price in cash.
C. L. McMANUS,
210 E 5th Ave.

Navarro County Council of HDC Met on Saturday

The Navarro County Council of Home Demonstration Clubs met in regular session Saturday at Kinsloe House with Mrs. Ernest Watson presiding. Mrs. J. L. Young directed group singing of "America" and "The Star-Spangled Banner" with Mrs. Percy Varnell at the piano.

Committee chairmen gave their yearly reports as follows: Yearbook, Mrs. Frank Shaw; exhibit, Mrs. Etta Skinner and Mrs. C. C Willis; reporter, Mrs. C. M. Stover; education, Mrs. M. L. Spurlock; recreation, Mrs. J. L. Young; sponsor, Ray Jean Shaw; vice chairman, Mrs. M. L. Spurlock, chairman, Mrs. Ernest Watson.

The yearly club reports were given as follows: Barry, Mrs. L. C. Boswell; Corbet, Mrs. Elton Skinner; Mildred, Mrs. J. E. Gilmore; Oak Valley, Mrs. C. M. Stover; Pickett, Mrs. Etta Skinner; Roane, Mrs. Jessie Burrow; Stansell, Mrs. Frank Shaw; White's Chapel, Mrs. J. L. Young.

New Officers Named.

The nominating committee appointed Mrs. M. L. Spurlock, vice chairman and Miss Mattie Beale, secretary-treasurer for the coming year, and Mrs. C A. Willis was elected chairman.

Miss Helen H. Swift was a visitor from the extension service. She suggested that the club members have community recreation because of gasoline rationing. Miss Swift also asked each club to appoint a victory demonstrator.

Council delegates attend council for three reasons, the speaker continued, namely, a means of communication; as an advisory committee; for demonstration in organization. The council send the following reports to clubs: Announcements, information and recommendations.

Miss Swift concluded her talk by urging the clubs to keep working because after the war is over the biggest job will come.

The next council meeting will be the annual Christmas party on December 19.

Martha Ann Cook O. A. Carriere, Jr., Married Sunday

In a simple and impressive home ceremony Sunday afternoon at 3 o'clock Miss Martha Ann Cook, daughter of Mr. and Mrs. Barney Ivey Cook of this city became the bride of Offord Anthony Carriere, Jr., son of Mr. and Mrs. Offord A. Carriere, Sr., of Liberty. The wedding took place at the home of the bride's parents.

The Very Reverend V. Graffeo officiated and vows were before the mantel which was decorated with floor baskets of white gladioli, carnations and chrysanthemums. White tapers burned in seven-branched candelabra arranged on either side of the mantel.

The bride wore a soldier blue suit with a white blouse and brown hat, bag and shoes. A single strand of pearls was her only jewelry. A shoulder corsage of gold orchids tied with brown ribbon completed her ensemble.

Attending the couple were Mr. and Mrs. Crawford Carriere of Dayton, Texas.

Reception Held.

Immediately after the ceremony a reception was held. The bride's table was centered with the wedding cake and decorated with white flowers. Mrs. O. C. Steely presided at the cake and Mrs. B. M. Bowden served punch.

After a wedding trip to San Antonio and other points in South Texas Mr. and Mrs. Carriere will make their home in Houston.

The bride is a graduate of Corsicana High School and attended Hillsboro Junior College where she was a member of Beta Sigma Phi sorority. She was formerly employed at the First National Bank.

The bridegroom is a graduate of Dayton High School. He was formerly connected with the Home Owner's Loan Corporation in Dallas and is now Petty Officer, second class, U. S. Navy, stationed in Houston.

Out of town guests included Mr. and Mrs. Offord Carriere, Sr. of Liberty, Mr. and Mrs. Crawford Carriere of Dayton, Misses Nan and Zoe Harvard, Mr. and Mrs. O. C. Steely and Mr. and Mrs. Bill Bowden, all of Dallas.

WORLD'S GREATEST COFFEE DRINKING NATION WILL BE RATIONED; PLAN EXPLAINED

Starting Nov. 29, the United States, the world's greatest coffee-drinking country, will ration its coffee so that no one will receive more than a pound of the beverage once every five weeks.

The reason for our going on a ration basis can be put in a word —ships.

The bottoms that ply between here and Brazil, Colombia and other South American countries are now freighting bauxite ores from the Guianas to make more aluminum for our planes. Nitrates for gun powder and explosives pack the hulls of boats putting out of Chile. Guatemalan and other Central American coffee boats are now jammed with guns, cannons and shells bound for the shores of England, Russia, Africa and wherever our troops and those of our allies are fighting. In addition, much of what coffee is being transported is going to our armed forces.

Imports Reduced.

As a result of the shipping situation, for every four pounds of coffee the country was importing a year ago, before Pearl Harbor, we are now getting only three pounds. In 1941 imports of green (unroasted) coffee from South and Central American coffee imports amounted to 2.2 billion pounds. In 1942 that figure will me cut to 1.7 billion pounds. During the five-year period, 1937 through 1941, U. S. coffe drinkers—about 80 per cent of the adult population—consumed 21 pounds annually. The current ration would allow 10.4 pounds annually or just about half the former consumption rate.

Even under rationing, however, Americans will drink much more coffe than the people of European countries. Germany has practically no real coffee. Its population imbibes an ersatz concoction of acorns or grains of various sorts. The Italians are even worse off. As for the other countries under Axis domination, they receive whatever the coffee-starved Reich sees fit to spare.

Americans Are Lucky.

The plain fact of the situation is that the American population is lucky to get what coffee is being brought up. There are crews risking their necks to sail it up here. There are Marines in the Solomons who haven't had a cup of coffee in a long time and among them some who never will again. Besides, the shipping space now occupied by coffee might well be turned over to even more bauxite, copper, balsa wood, mica and other strategic materials. The problem now is to spread whatever coffee supply we do receive among the greatest number of people.

Which is where the rationing system enters. Here are its mechanics:

Here's How It Works.

The coffee to be rationed includes roasted coffee—whether ground, in the bean, or decaffeinated—and commercially sold mixtures of coffee with chicory, cereal, or other substitutes. Consumers are not permitted to buy green (unroasted) coffee for home roasting. "Instant" coffee, soluble coffee, liquid coffe concentrates, coffee extracts and other beverages used instead of coffe are not rationed.

During the week November 22 through November 29, retail coffee sales will be frozen for the purpose of enabling storekeepers to stock their shelves for the beginning of ration sales. On November 29 the rationing begins.

War ration book No. 1—the "sugar book"—will then be used for buying coffee. The stamps in the book numbered 28 and down to 20 are the coffee stamps. The first ration stamp is numbered 27, then in order, follow 28, 25, 26, 23, 24, 21, 22, 20. This apparently disconnected sequence is used because of the physical arrangements of stamps in the ration book.

Age Limitation.

Only those whose ration books show their age to be over 15 years old may purchase a pound of coffee for each coffee stamp. The reason for this age limitation is to allow larger portions for the adult population.

The first ration period runs for five weeks from November 29 through January 3, 1943. When the consumer applies for war ration book No. 2, sometime around the first of the year, he will be required to declare the amount of coffee he had on hand at the start of rationing, and stamps will be removed from his book to cover the excess supply. In this way, the consumer will be unable to continue coffee purchases until he has used up his stock on hand at the rationed rate.

Further, OPA officials said coffee stamps in the ration books of children under 15 must be left in their books and surrendered when war ration book No. 2 is issued.

Must Have Ration Books.

Those who now have no ration books or have lost them should apply immediately at their local war price and ration board. If lack of transportation facilities makes buying coffee in the specified quantities a hardship, the consumer may apply at his rationing board for a certificte to buy up to five pounds at a time. In that case, a sufficient number of stamps will be removed by the board to cover the "advance" ration.

Shortage or no, coffee is price-controlled and no one should pay more than the ceiling price.

Government coffee experts figure careful brewing and measuring should get 40 cups out of the pound. Thus, the day of two cups of coffee at breakfast or between meal coffee drinking is over for the immediate future. It ought to be taken in stride by a war-time public.

There is always the chance that the chiselers, the bootleggers and the runner of the black markets will emerge to plague this campaign as they have other government drives. Public authorities ought to be told about them immediately. If the public co-operates, these racketeers will be exposed. And the government, busy with waging war, is expecting that co-operation.

Institutional Users Coffee Must Register

In order to obtain coffee allotments, institutional users should register with the war price and rationing board on Monday, Tuesday or Wednesday, Nov. 23, 24 or 25. Wilbur Wright, board chairman, pointed out Monday.

Their first allotment will start with the date of registration and extend to midnight of January 31, 1943. Restaurants, hotels, hospitals and other such institutions will be entitled to as much coffee during the first two months of rationing as they used during September and October. This allotment for a restaurant, hotel or institution not operating in September or October, 1942 will be two pounds of coffee for each 60 meals served during the allotment period.

Thanksgiving Service At Farmer Church Wednesday Night

There will be a Thanksgkiving service at Farmer Baptist church Wednesday night at 7:45. There will be songs, Scripture reading and quotations and Thanksgiving testimonies. Singers from other communities in the county are invited to attend and take part in song service. Everybody welcome.

R. J. FLETCHER, Supply Pastor.

Assistant Supervisor Of Public Welfare

Miss Mary A. Ross assumed her duties here Monday as assistant supervisor of the State Department of Public welfare. Miss Ross came here from Honey Grove where she held a like position in the Greenville area.

Dean L. Wood is supervisor for this area.

Personal

Staff Sergeant and Mrs. Jack Megarity, Jr., left Wednesday for Camp Edwards, Mass., after a very pleasant visit with their parents, Mr. and Mrs. Jack Megarity and Mr. and Mrs. Pat H. Ramsey.

Beauford H. Jester, railroad commissioner of Texas, spent the week-end with his family.

Allison Re-Nominated.

WASHINGTON, Nov. 23.—Among nominations sent to the senate during the week end by President Roosevelt for confirmations as postmasters was Albert A. Allison, Corsicana, re-appointment.

TRAINING PROGRAM FOR STENOGRAPHERS WILLING GO CAPITAL

A new plan for employment of stenographers for positions in Washington, D. C. has been adopted to help those willing to take employment in the war effort in the nation's capital, according to information received by W. L. Kirk, secretary of the local civil service board.

Under the new plan those accepted report to the O. P. A. regional office in Dallas for special training from 30 to 60 days before being sent to Washington. During this training period they will receive the starting salary of $120 per month.

Luther M. Jordan, representative of the U. S. Civil service commission, will be in Corsicana Nov. 27 and 28 to give examinations for those wishing to go to Washington and appointments will be made immediately for those who pass.

Full information can be secured from Mr. Kirk at the Corsicana post office.

CLAYTON HICKERSON WRITES FROM CANAL ZONE OF CONDITIONS

An article appeared in Sunday's Dallas News, written by Clayton Hickerson, former Corsicana boy and later editor of the Athens Review, from Balboa, Canal Zone.

The dispatch to the News dealt with the watch and patrols of the armed forces in the Canal Zone and other sections, and mentioned Sonny Mays of Corsicaa as a hero flier somewhere in the South Pasific.

The stand of Senator W. Lee O'Daniel on the drafting of the 18 and 19 year old boys is not popular with the Texans in the Canal Zone, according to the article, and Hickerson ventured a guess taht after the war, the boys in the armed forces will do something about him.

Corsicana Short Wave Listener Gets Letter From Britain

W. A. Chaffee, Jr., 420 South Thirteenth street, received a highly-prized letter a few days ago from Stephen Miller of the British Broadcasting Company, London, England, in answer to a letter from Chaffee earlier in the year complimenting the BBC on broadcasts picked up by short wave by Chaffee on the news of the war.

The letter said Chaffee was right in his letter that "The United Nations are certainly giving the Nazis hell on all fronts." The letter from the British broadcaster was written, Oct. 30, 1942.

Notice
